II.1.5. Short description of the contract or purchase(s)

Project Outline:

FTPE has identified an opportunity in relation to improved way finding in and around our train stations to improve the safety and security of our passengers. To improve our customer experience and the reduction of accidents/incidents with improved customer flow management. In the first instance we are looking for interest in this brief scope, this will be expanded within the project for those that express interest. The award criteria will be based upon service provision and contract agreement, with quoted costs having equal weighing criteria. We are not looking for lowest costs service provision but best value for our money.

Target Outline:

An environment, which is created, principally through passive measures, that creates natural passenger flow, encourages use of safer routes (including lifts) and discourages running and the use of mobile devices.
