Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The legal basis of the direct award contract is provided by section 40(2) of the Act on Public Procurement and Concession Contracts 1397/2016 with the following arguments:

The key feature of the Swisens Poleno Jupiter monitor, unseen in other devices, is its ability to bring together three principally different identification mechanisms: scattering analysis (available from Plair Rapid-E), fluorescence analysis (also available from Plair) and hologram analysis which is available from Hund Wetzlar BAA-500 and PollenSense, but none of the other providers is able to provide all three identification mechanisms.

Sufficient selectivity of species has been reached only by Swisens Poleno and Hund Wetzlar BAA-500, the first one being much more potent for the future development due to the richer signal.

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.8. Information about termination of dynamic purchasing system

IV.2.9. Information about termination of call for competition in the form of a prior information notice
