Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority and in accordance with the strict conditions stated in the directive

Explanation:

This procurement follows a late call for applications for grant funding from the Welsh Government. Advance notification of the success of the bid was notified to the University on 28 February 2020, although formal written notification wasn't received until 13 March 2020. Conditions of the grant stipulated that funds must be spent (i.e. invoiced) by 31 March 2020. This did not allow sufficient time for a formal procurement exercise to be undertaken. As the procurement was based on a late call for bids from Welsh Government, the extreme urgency of the procurement has been brought about by events unforeseeable by the contracting

authority and the time limits for the open or restricted procedures or competitive procedures with negotiation cannot be complied with. Therefore, this procurement is considered lawful under clause 32(2)(c) of the Public Contract Regulations 2015.
