The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Framework agreement for pre-qualification and tender documentation. Technology qualification of fjord crossings — Ferry Free E39.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Leikanger.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The Contracting Authority wants tenders offers on management and consultancy services for technology qualifying of various bridge concepts for crossing of the fjords that are included in the project Ferry Free E39.

The relevant bridge concepts involve new technological solutions as well as 'known' technology from offshore constructions being used in new ways in combination with 'traditional' bridge elements. The concepts include the main types of floating bridges, multi-span suspension bridges on flowing foundations (TLP), and tunnel bridges.

The Norwegian Public Roads Administration needs to join with competence for management and consultancy related to technology qualifications with additional expertise in construction techniques, hydrodynamics, marine floating constructions and marine operations.

The contracting authority has a need to:

- Prepare and adapt framework for technology qualification in connection with Ferry Free E39;
- Facilitate technology qualification of different concepts on various fjord crossing;
- Consulting in connection with technology qualification of different concepts on various fjord crossings.

II.1.6. CPV code(s)

71300000 Engineering services, 73200000 Research and development consultancy services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

A very rough estimate of the work scope is 4 000 hours.

The duration of the contract is estimated to be 2 years.

Scope of the assignment will be further clarified with tenderers under the negotiations, as part of discussions around the tenderer's proposed plans.

II.2.2. Information about options

Options: yes

Description of options: The Contracting Authority expects an option on expansion of the contract with 3 000 hours if the Contracting Authority sees the advantage of further assistance. This estimate of hours is non binding, but can stretch over a further 3 years.

Provisional timetable for recourse to these options:

in months: 36 (from the award of the contract)

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 7.11.2016. Completion 31.12.2018

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

III.2.2. Economic and financial ability

List and brief description of conditions: See the tender documentation.

III.2.3. Technical and professional ability

List and brief description of conditions:

Qualification Requirement:

During the last 5 years, the tenderer should have carried out assignments of equivalent character and complexity for constructions in Norwegian waters. The assignments must as a minimum have comprised the following areas:

- Management of technology qualification of relevant constructions.
- Execution of technology qualification of relevant larger combined structures and systems.
- Construction Technique. The structures must be relevant in regard to the constructions that are included in this assignment (cfr. Annex 2).
- Hydro dynamics, relevant issues and analyses
- Floating marine constructions, marine operations, relevant complexity.

Documentation requirement:

List of executed assignments, with information about:

- The assignment's content, and relevance to this assignment;
 - o Preparation of framework agreement;
 - o Execution of technology qualifying;
 - o Type of construction;

- Specialist areas that were included (construction technique, hydro dynamics, marine operations, etc.);
 - The business's role (management and/or assistance with execution).
- Information about dates, contracting authority, contact person at the contracting authority (name and email address or telephone number). Contact persons should be informed that they may be contacted by the contracting authority..

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures) no

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 1: and Maximum number 4

Objective criteria for choosing the limited number of candidates: Tenderers that seek pre-qualification will be assessed and ranked based on:

- a) Price (10 %);
- b) Set up for execution 40 %;
- c) Offered personnel's competence and experience from previous, relevant assignments 50 %.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated no

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

16/38951

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

14.6.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

IV.3.8. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

10.5.2016
