The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The procurement procedure includes 2 contracts, for 2 new central sterile supply departments for installations and one contract for the Product Specific Supplies/Consumables.

One installation site is at Herlev Hospital and one is at Rigshospitalet both of which are in Capital Region of Denmark. The contracts include the delivery, installation, start-up and validation of 4 Low temperature sterilizers.

The third contract includes the Product Specific Supplies/Consumables for the Low temperature sterilizers. The Consumables are defined in the procurement documents.

The contracts for the Low temperature sterilizers also include an option for 2 similar installations.

Pricing by the Tenderer of the total number of options for similar equipment will be included in the evaluation of the financial consequences by 50 % weight.

II.1.6. CPV code(s)

33191110 Autoclaves

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

— 4 low temperature sterilizers

— Product Specific Supplies/Consumables.

The contracts also include basic instruction in operation and maintenance of the equipment for the Purchaser's technicians, application training for the Purchaser's users, two-year guarantee and remedial period equivalent to full service, incl. spare parts, telephone support and options as described below.

Sub-contract 1 will include delivery, installation, start-up and validation of equipment for Herlev Hospital. The scope of the delivery are 2 Low temperature sterilizers.

Sub-contract 2 will include delivery, installation, start-up and validation of equipment for Rigshospitalet. The scope of the delivery are 2 Low temperature sterilizers.

The third contract Includes Product Specific Supplies/Consumables such as:

Cups / cassettes with sterilization media

Boxes for used cups / cassettes

Chemical and biological indicators

Printer paper for documentation

Incubator for biological indicators

Wrapping Material

Peel Pack Pouches

The Tenderer must submit a tender for all three contracts.

II.2.2. Information about options

Options: yes

Description of options: The tender also includes:

Training option

Service options

Option for spare parts

Option for 2 similar installations

Further details are found in the tender documents.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

The Supplier shall furnish a guarantee payable on demand for 10 % of the contract sum excluding VAT. Further details are found in the tender documents.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

The payment is divided in lots. Terms and conditions of payment are thirty (30) days net. Further details are found in the tender documents.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

In order to be considered, the Tenderer shall submit the minimum information stated below, regarding the Tenderer's legal situation, economic and financial situation, as well as technical capacity. With regard to tenders from a consortium of financial players, there are no special requirements for the consortium's legal form, but if several parties tender together, a responsible Tenderer shall be appointed from among these to sign on behalf of all the parties in the consortium at the time of the tender and subsequently. Furthermore the parties shall be jointly and severally liable for the service and fulfilling the contract. For a consortium of financial players, the documentation below shall be submitted in its entirety for each individual enterprise. Enterprises which do not submit the minimum information below will not be considered. The same shall apply if the information submitted shows that the Tenderer is not suited to perform the task.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: — Information about the company form and ownership of the enterprise (general description of the enterprise).

— Solemn declaration on unpaid debt due to the public sector and on compliance with Article 45(2), a-c of the Public Procurement Directive. When submitting the solemn declaration regarding Article 45 of the Public Procurement Directive, the Tenderer may enclose the

solemn declaration attached to the tender specifications, completed and signed.

— After the award, but prior to signing the contract, the Contracting Authority reserves the right to demand service certificates from the Danish Commerce and Companies Agency (for Danish contractors) which are no less than 3 months old, or other valid documentation that the Tenderer(s) awarded a contract is/are not in a situation described in Article 45(2), a, b, c, e and f of the Public Procurement Directive.

III.2.2. Economic and financial ability

List and brief description of conditions: — Audited and approved financial statements for the past two years for the legal entity that submits the tender.

— Information about the total annual turnover for the past three years from products covered by the tender and similar products.

— If the Tenderer depends on the financial status of another enterprise, it must be documented that this enterprise is jointly and severally liable without limit, e.g. by enclosing the guarantee contained in Annex L, in order for the Contracting Authority to take this into consideration. Another enterprise is defined as all enterprises over which the Tenderer does not have control.

Minimum level(s) of standards possibly required: The Tenderer shall state its annual turnover within the tendered services over the last 3 years and as a minimum the Tenderer shall have annual turnover for the tendered services (low temperature sterilizers) of 4 000 000 DKK on average.

III.2.3. Technical and professional ability

List and brief description of conditions:

— Reference lists, for similar deliveries (low temperature sterilizers) within the past three years, stating the size.

— The Tenderer must have documented experience with installation projects of similar size and compellability. This must be documented in reference list with reference site and reference person.

— The Tenderer shall describe and account for the enterprise's quality-assurance system. If the Tenderer is certified, it is sufficient to enclose copies of the certificates.

— Tenderer's delivery set-up

The Tenderer shall describe and account for its delivery set-up and the manufacturer's production capacity in order to confirm to the Contracting Authority the resources with which the Tenderer will be able to comply with the start-up deadlines in these tender documents if the Tenderer is awarded the contract for which the Tenderer is tendering. Further details are found in the tender documents.

The tender shall describe and account for how the tenderer will ensure a high delivery rate of consumables, measured as the number of deliveries (product lines) provided within the stipulated delivery time.

The Tenderer shall describe and account for the tenderer's order, delivery routines for the consumables, the terms for urgent orders and order-corrections as well the minimum order size and the fee for purchasing consumables under the minimum order size.

— Tenderer's installation set-up

The Tenderer shall describe and account for its installation set-up in order to confirm to the Contracting Authority the resources with which the Tenderer will be able to comply with the start-up deadlines in these tender documents if the Tenderer is awarded the contract for which the Tenderer is tendering. Further details are found in the tender documents.

— Tenderer's training set-up

The Tenderer shall describe and account for its training set-up in order to confirm to the

Contracting Authority the resources with which the Tenderer will be able to comply with the start-up deadlines in these tender documents if the Tenderer is awarded the contract for which the Tenderer is tendering. Further details are found in the tender documents.

— Tenderer's service organization/set-up

The Tenderer shall describe and account for its service organization/service set-up in order to confirm to the Contracting Authority the resources with which the Tenderer will be able to comply with the service obligations and service options in these tender documents if the Tenderer is awarded the contract for which the Tenderer is tendering. Further details are found in the tender documents.

Minimum level(s) of standards possibly required:

As a minimum, the Tenderer shall have references for delivery, installation and start-up of low temperature sterilizers at hospitals corresponding to total turnover of 1 000 000 DKK within the last three years. The Tenderer should state the reference site, reference person, turnover and date of completion of the work.
