II.2.3. Place of performance

NUTS code: NO032 Buskerud

Main site or place of performance: Drammen.

II.2.4. Description of the procurement

The Contracting Authority would like to enter into contracts with consulting companies who are multi-disciplinary within technical consultancy services. This means that the Contracting Authority would like tenderer(s) to provide services within all the relevant engineering professions. If they do not have all the necessary professions themselves, it is a prerequisite that the tenderer can provide these professions through, or together with other suppliers.

The Contracting Authority reserves the right, however, to enter into separate contracts within special professions of particularly great importance to the port, for example, geotechnics and quay constructions. Separate contracts can, therefore, be signed for such areas / professions if the Contracting Authority finds it appropriate.

The professions and services included in the framework agreement are in the document "Tender Documentation, Part II, Annex 1, Contract Basis". Relevant professions will typically be functions such as (but not restricted to):

— RIB, RIBR, RIV, RIE, RIG, RIM, RIAK, RIX, PGL, PL, BL, HMS.

Tenderers with experience from harbour projects and with stores / logistics projects will be of particular interest.

The intention is to enter into parallel Framework Agreements with up to 2 companies (A and B contracts). The competition winner will normally be awarded the main assignments — the A

contract. The tenderer who is in second place will normally be awarded work with independent inspections, where this is required, or when the main supplier does not have the capacity — the B contract.

The Contracting Authority reserves the right, however, to choose the tenderer it deems to be the most suitable for each assignment.

The Framework Agreements will be valid for 2 years, with an option for 1 and 1 additional year, to a maximum of 8 years (2 + 1 + 1 + 1 + 1 + 1 + 1).

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
