Services

Service category No 13: Computer and related services

Main site or place of performance: Gloucestershire, Wiltshire and Bristol/Bath area

NUTS code UKK1 Gloucestershire, Wiltshire and Bristol/Bath area

II.1.3. Information about framework agreement**II.1.4. Short description of the contract or purchase(s)**

Software package and information systems. Defence Equipment and Support (DE&S) needs to ensure that all airworthiness issues are identified, reported and managed to meet military aviation authority regulatory requirements without which safe operations are compromised and in-service air systems would be grounded. DE&S is now seeking to procure an off the shelf tool to meet this requirement. The system needs be available 24/7 365 days a year with a

system availability of at least 99,5 % (for some 6 000 users both internal and external to the UK MoD providing access to historic airworthiness issues records, an audit trail of decisions and associated evidence and functionality to maintain oversight of progression, ownership and performance of airworthiness issues. The system needs to be aligned to the existing DE&S airworthiness issues processes to ensure compliance with military aviation authority regulations and air environment policy and DE&S procedures. The system needs to be hosted in a secure environment with a secure connection to Defence Systems to enable access through MoD IT systems. The system needs to have the facility to store and access data. The service provision needs to include:

- access to the tool,
- uploading of extant data records,
- library with historical records,
- end user training,
- system administration support and training,
- management information, and
- technical support,
- background

DE&S performs a vital, bespoke and challenging role in the support of national security: it equips and supports the UK's Armed Forces for operations now and in future. In procuring and supporting new military equipment, commodities and services, supporting in-service equipment through life and managing global logistic operations, DE&S is responsible for delivering some of the most complex products and services in the world which covers some 14 000 000 000 GBP per annum of the MOD's total third party spend with industry. DE&S employs a mix of civil servants and military personnel, plus contractor staff to perform specialist roles and its internal workforce of over 12 000 personnel (as at 1.4.2014) is deployed at over 150 locations in the UK and overseas. Air systems are supported across a number of DE&S Chief of materiel, operating centre and delivery teams with the centre of excellence held in the CoM(AIR) DE&S Airworthiness Team (DAT).

II.1.5. CPV code(s)

48000000 Software package and information systems

II.2. Total value of the contract/lot

II.2.1. Total value of the contract/lot

Value: 7 824 600 GBP
excluding VAT

Section IV: Procedure

IV.1. Type of procedure

Restricted

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of

IV.2.2. Information about electronic auction

An electronic auction has been used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

CCDT/491

IV.3.2. Previous publication concerning this procedure

no

Section V: Award of contract

Contract No: CCDT/491

V.1. Date of conclusion of the contract

14.2.2019

V.2. Information about tenders

Number of tenders received: 2

Number of tenders received by electronic means: 2

V.3. Name and address of the contractor

Official name: tlmNexus Ltd

Postal address: Telecom House, 125-135 Preston Road

Town: Brighton

Postal code: BN1 6AF

Country: United Kingdom

E-mail: PWhite@tlmnexus.com

Telephone: +44 8456774480

V.4. Information on value of the contract/lot

Initial estimated total value of the contract/lot:

Value: 8 000 000 GBP

excluding VAT
