II.1.4. Short description

The contest concerns framework agreements for contractor, joinery and carpentry services and materials thereof. The tenderer must provide materials for all assignments that are to be carried out by the tenderer, unless the contracting authority requires otherwise. The framework agreement must meet the municipality's need for such services and material, for ongoing operation and maintenance work in the contract period. The contracting authority's buildings total approx. 80 000 m². The contract value is estimated to be above the EEA threshold. The estimated value is not binding for the contracting authority. The need is uncertain. Historically,

the contracting authority has procured equivalent services for NOK 2 000 000–3 000 000 excluding VAT per year in the last three years. The volume will be dependent on, amongst other things, the contracting authority's requirements, activities, budget and other framework factors. See the procurement documents for further information.

II.2.4. Description of the procurement

Sub-tenders/groups. Tenders cannot be submitted for parts of the assignment, and alternative tenders are not allowed. The contracting authority has considered dividing the assignment in accordance with PPR § 19-4 but has decided that it is not appropriate for this procurement. The contracting authority retains the right to accept all or parts of a tender. The framework agreement will be regulated by the attached framework agreement with the accompanying provisions on seriousness. The framework agreement will be valid from and including 2 August 2021 until and including 31 July 2023, with an option for the contracting authority for a further extension for up to 2 years, 12 months at a time. The contracting authority will enter into a contract with one (1) supplier. The contracting authority expects that the tenderer studies the contractual terms and makes the required internal clarifications in such a way that a contract can be signed if awarded.
