## 2. Procedure

---

### 2.1. Procedure

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024

Description: GÉANT is a not-for profit organisation, acting as central purchasing body for the benefit of its members and those members. It endeavours to aggregate demand through a European open procurement procedure and aims to put in place Framework Agreements for cloud (IaaS+) services, connecting these to the Pan European Research and Education IT ecosystems and to the European Open Science Cloud (EOSC). The purpose of the procurement initiative is to bridge the demand and supply sides for Infrastructure, Platform and Software as a Service (IaaS+). It is being conducted as an Open Procedure in accordance with the Dutch Public Procurement Act (Aanbestedingswet 2012, revised 1 July 2016). The open procedure is divided in 39 lots. Each lot represents 1 Country per which several Framework Agreements can be awarded. The combined value of services over the lifespan of the Frameworks Agreements over all lots is estimated at EUR 1807000000. In some countries a bank guarantee may be required to adhere to local laws. Estimated values per lot vary significantly. See the ITT documents published on the MerCell online tendering platform for more details. Framework Agreements for cloud solutions may be awarded to Bidders who pass the procurement evaluation, resulting in a portfolio of services for the Customers to consume. The Frameworks will provide standardised contract terms and Call off Contracts for use by the Customers. This will remove, or will at least significantly reduce, the local overheads for technical, commercial or legal activities typically required when engaging new Suppliers. As a result, this procurement will significantly reduce the barriers for the Pan European Research and Education participating institutes to consume cloud solutions. GÉANT expects to award Framework Agreements to Bidders (who are selected in accordance with the mechanisms described within this procurement) for a period of up to five (5) years from the commencement date. This term is justified due to the very large investment in time and effort on both supply and procurement side of this aggregated procurement. The EU Regulation 2022 /2560 on foreign subsidies distorting the internal market will be applicable for all relevant EU lots.

Procedure identifier: 86ab2456-809c-4255-bd7c-1a1ddca08006

Previous notice: 475609-2023

Internal identifier: ITT for IaaS+ - OCRE2024

Type of procedure: Open

#### 2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

#### 2.1.3. Value

Estimated value excluding VAT: 1 807 000 000,00 EUR

#### 2.1.4. General information

Legal basis:

Directive 2014/24/EU

See question 1.1.

### 2.1.6. Grounds for exclusion:

Corruption: See European Single Procurement Document

## 5. Lot

---

### 5.1. Lot: LOT-0001

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Albania)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

Internal identifier: ITT for IaaS+ - OCRE2024 - Albania

#### 5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

Additional classification (cpv): 72000000 IT services: consulting, software development, Internet and support

#### 5.1.2. Place of performance

Country: Albania

Anywhere in the given country

#### 5.1.3. Estimated duration

Duration: 60 Month

#### 5.1.5. Value

Estimated value excluding VAT: 3 000 000,00 EUR

#### 5.1.6. General information

Reserved participation: Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

#### **5.1.9. Selection criteria**

Criterion:

Type: Technical and professional ability

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 0

#### **5.1.10. Award criteria**

Criterion:

Type: Quality

Description: Price is not the only award criterion and all criteria are stated only in the procurement documents.

#### **5.1.11. Procurement documents**

Address of the procurement documents: <https://s2c.mercell.com/today/76810>

#### **5.1.12. Terms of procurement**

Terms of submission:

Electronic submission: Required

Address for submission: <https://s2c.mercell.com/today/76810>

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Required

Variants: Not allowed

Deadline for receipt of tenders: 13/05/2024 11:00:00 (UTC+1)

Deadline until which the tender must remain valid: 12 Month

Information about public opening:

Opening date: 13/05/2024 11:00:00 (UTC+1)

Place: Amsterdam, the Netherlands

Additional information: Tenders will be open in a digital environment. It is not possible to witness the opening to the received tenders.

Terms of contract:

Electronic invoicing: Allowed

#### **5.1.15. Techniques**

Framework agreement: Framework agreement, partly without reopening and partly with reopening of competition

Information about the dynamic purchasing system: No dynamic purchase system

#### **5.1.16. Further information, mediation and review**

Review organisation: Rechtbank Amsterdam

Organisation providing additional information about the procurement procedure: GÉANT Vereniging

Organisation providing offline access to the procurement documents: GÉANT Vereniging

#### **5.1. Lot: LOT-0002**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Armenia)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications.

The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS

(+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). #### **5.1. Lot: LOT-0006**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Croatia)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications.

The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service

offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

Internal identifier: ITT for IaaS+ - OCRE2024 - Croatia

#### **5.1.1. Purpose**

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

Additional classification (cpv): 72000000 IT services: consulting, software development, Internet and support

#### **5.1.2. Place of performance**

Country: Croatia

Anywhere in the given country

#### **5.1.3. Estimated duration**

Duration: 60 Month

#### **5.1.5. Value**

Estimated value excluding VAT: 5 000 000,00 EUR

#### **5.1.6. General information**

Reserved participation: Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

#### **5.1.9. Selection criteria**

Criterion:

Type: Technical and professional ability

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 0

#### **5.1.10. Award criteria**

Criterion:

Type: Quality

Description: Price is not the only award criterion and all criteria are stated only in the procurement documents.

#### **5.1.11. Procurement documents**

Address of the procurement documents: <https://s2c.mercell.com/today/76810>

#### **5.1.12. Terms of procurement**

Terms of submission:

Electronic submission: Required

Address for submission: <https://s2c.mercell.com/today/76810>

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Required

Variants: Not allowed

Deadline for receipt of tenders: 13/05/2024 11:00:00 (UTC+1)

Deadline until which the tender must remain valid: 12 Month

Information about public opening:

Opening date: 13/05/2024 11:00:00 (UTC+1)

Place: Amsterdam, the Netherlands

Additional information: Tenders will be open in a digital environment. It is not possible to witness the opening to the received tenders.

Terms of contract:

Electronic invoicing: Allowed

#### **5.1.15. Techniques**

Framework agreement: Framework agreement, partly without reopening and partly with reopening of competition

Information about the dynamic purchasing system: No dynamic purchase system

#### **5.1.16. Further information, mediation and review**

Review organisation: Rechtbank Amsterdam

Organisation providing additional information about the procurement procedure: GÉANT Vereniging

Organisation providing offline access to the procurement documents: GÉANT Vereniging

#### **5.1. Lot: LOT-0007**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Cyprus)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. #### **5.1.1. Purpose**

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

Additional classification (cpv): 72000000 IT services: consulting, software development, Internet and support

#### **5.1.2. Place of performance**

Country: Germany

Anywhere in the given country

#### **5.1.3. Estimated duration**

Duration: 60 Month

#### **5.1.5. Value**

Estimated value excluding VAT: 54 000 000,00 EUR

#### **5.1.6. General information**

Reserved participation: Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

#### **5.1.9. Selection criteria**

Criterion:

Type: Technical and professional ability

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 0

#### **5.1.10. Award criteria**

Criterion:

Type: Quality

Description: Price is not the only award criterion and all criteria are stated only in the procurement documents.

#### **5.1.11. Procurement documents**

Address of the procurement documents: <https://s2c.mercell.com/today/76810>

#### **5.1.12. Terms of procurement**

Terms of submission:

Electronic submission: Required

Address for submission: <https://s2c.mercell.com/today/76810>

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Required

Variants: Not allowed

Deadline for receipt of tenders: 13/05/2024 11:00:00 (UTC+1)

Deadline until which the tender must remain valid: 12 Month

Information about public opening:

Opening date: 13/05/2024 11:00:00 (UTC+1)

Place: Amsterdam, the Netherlands

Additional information: Tenders will be open in a digital environment. It is not possible to witness the opening to the received tenders.

Terms of contract:

Electronic invoicing: Allowed

#### **5.1.15. Techniques**

Framework agreement: Framework agreement, partly without reopening and partly with reopening of competition

Information about the dynamic purchasing system: No dynamic purchase system

#### **5.1.16. Further information, mediation and review**

Review organisation: Rechtbank Amsterdam

Organisation providing additional information about the procurement procedure: GÉANT Vereniging

Organisation providing offline access to the procurement documents: GÉANT Vereniging

#### **5.1. Lot: LOT-0014**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Greece)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

**5.1.1. Purpose**

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

Additional classification (cpv): 72000000 IT services: consulting, software development, Internet and support

**5.1.2. Place of performance**

Country: Greece

Anywhere in the given country

**5.1.3. Estimated duration**

Duration: 60 Month

**5.1.5. Value**

Estimated value excluding VAT: 60 000 000,00 EUR

**5.1.6. General information**

Reserved participation: Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

**5.1.9. Selection criteria**

Criterion:

Type: Technical and professional ability

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 0

#### 5.1. Lot: LOT-0021

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Lithuania)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes

are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with

applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

### **5.1. Lot: LOT-0029**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Poland)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

Organisation providing offline access to the procurement documents: GÉANT Vereniging

#### **5.1. Lot: LOT-0036**

Title: Open Cloud for Research and Education (OCRE) - IaaS+ Cloud Tender 2024 (Switzerland)

Description: For this lot GÉANT searches for providers who are able to offer and deliver the following solutions consisting of: IaaS infrastructure as a service. Where the customer is able to deploy and run arbitrary software, which can include operating systems and applications. The customer does not manage or control the underlying cloud infrastructure but has control over operating systems, storage and deployed applications; and possibly limited control of select networking components (e.g., host firewalls) Note: this definition of compute may include server and serverless computing for example virtual machines, FPGAs, etc. This IaaS (+) solution or Solution may (optionally) also offer: PaaS (Platform as a Service). The capability provided to the consumer is to deploy onto the cloud infrastructure consumer-created or acquired applications created using programming languages, libraries, services and tools supported by the provider. SaaS (Software as a Service) complementary software services utilising Bidders public IaaS/PaaS resources. These complementary software service offerings must utilize (or be based on or directly related to) the Bidders Public IaaS resources (CPU, memory, storage, networking). Managed services or license based (e.g. VMs with applications pre-installed from a vendor's cloud marketplace) services and general PaaS and SaaS services available in the marketplace and running in customer tenancies, may be included but these must be a direct consequence of the usage of IaaS services. The estimates for projected (maximum) usage are provided, are to be considered non-binding and indicative only, and there is no guarantee of such consumption whatsoever. All indications and volumes are provided for information purposes only and will be used by GÉANT to set an upper overall maximum amount that may be purchased under a Framework Agreement. No rights can be derived from the indicated estimated value.

Internal identifier: ITT for IaaS+ - OCRE2024 - Switzerland

#### **5.1.1. Purpose**

Main nature of the contract: Services

Main classification (cpv): 72000000 IT services: consulting, software development, Internet and support

Additional classification (cpv): 72000000 IT services: consulting, software development, Internet and support

#### **5.1.2. Place of performance**

Country: Switzerland

Anywhere in the given country

#### **5.1.3. Estimated duration**

Duration: 60 Month

#### **5.1.5. Value**

Estimated value excluding VAT: 25 000 000,00 EUR

#### **5.1.6. General information**

Reserved participation: Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

#### **5.1.9. Selection criteria**

Criterion:

Type: Technical and professional ability

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 0

#### **5.1.10. Award criteria**

Criterion:

Type: Quality

Description: Price is not the only award criterion and all criteria are stated only in the procurement documents.
