II.1.5.

Short description of the contract or purchase(s)

Leeds Bradford International Airport (LBIA) is looking for a suitable supplier to provide a replacement Radar Processing and Display System that forms a part of their existing Surveillance Systems comprising of a Watchman Primary Surveillance Radar and externally provided Mode S Secondary Surveillance Radar Data.

To include:

- The design, manufacture/supply, installation, testing and commissioning of a replacement Air Traffic Control Surveillance Radar Processing and Display System including an Electronic Information Display System for presentation of static data such as charts and alphanumeric data pages.
- Associated electrical/electronic System interfaces and power supplies work;
- Data Communication and power supply cabling; and
- Any associated civil works involved with the installation of the replacement Radar Processing and Display System.

The supplier(s) of the Surveillance Radar Processing and Display System must be able to integrate with the existing Watchman Primary Surveillance Radar and Secondary Surveillance Data from an external provider as Onward Routed Radar Data.

It should be noted that certain ancillary aspect(s) of the procurement may be let as separate contracts or retained and completed by LBIA, such as cable and civil works etc.

In addition the procurement may also include one or more of the following optional elements:

- Control Tower Building Radar Approach Room refurbishment including the design, manufacture/supply and installation of furniture to house the replacement Surveillance Radar Processing and Display System and existing Air Traffic Control Navigational Aids and communications panels/equipment;
- Clearance to Land Indicator System;
- Any associated civil works involved with the refurbishment of the Radar Approach Room Services and facilities.

II.1.6. CPV code(s)

34962220 Air-traffic control systems, 34962000 Air-traffic control equipment, 34962100 Control tower equipment

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

See Section II.1.5.

II.2.2. Information about options

Options: yes

Description of options: As part of the procurement LBIA is looking to refurbish the Radar Approach Control room environment and to replace the existing Clearance to Land Systems. These options may be included in the main bid for consideration by LBIA as part of the Tender process.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Duration in months: 15 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

A parent company guarantee(s) and/or a performance bond may be required as a condition of award of contract.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

LBIA's requirements will be detailed in the form of contract which will be provided to all bidders invited to negotiate.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

No specific legal form is required, but LBIA requires all operators within a consortium to be jointly and severally liable. Further details will be provided to all bidders invited to negotiate.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The economic operator and/or members of any consortium must meet the requirements set out in regulation 26 of the Utilities Contract Regulations 2006 (as amended), as further described in the pre-qualification questionnaire, a copy of which can be obtained from the contact point at Section I.1.

III.2.2. Economic and financial ability

List and brief description of conditions: LBIA's requirements are set out in the pre-qualification questionnaire, a copy of which can be obtained from the contact point at Section I.1.
