

Norway-Jaren: Consultative engineering and construction services

OJ S 96/2016 20/05/2016

Contract notice

Services

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: Gran kommune (Gran municipality)

National registration number: 961381541

Postal address: Rådhuset

Town: Jaren

Postal code: 2770

Country: Norway

For the attention of: Steinar Elnes

E-mail: steinar.elnes@gran.kommune.no

Telephone: +47 61338400

Internet address(es):Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/2250>Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/144063>**Additional information can be obtained from:**

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

Regional or local authority

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: yes

Official name: Gran kommune [Gran municipality]

National registration number: 961381541

Official name: Lunner kommune

National registration number: 961381452

Official name: Jevnaker kommune

National registration number: 961381363

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Framework agreement for consultant engineering services technical disciplines — building and fire.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Jaren.

NUTS code NO022 Oppland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

II.1.5. Short description of the contract or purchase(s)

The procurement cooperation for Hadeland invites tenderers to an open tender contest for framework agreements for consultant engineering services within technical disciplines, including construction techniques (RIB) and fire (RIBR).

Assignments under the framework agreement can include services as stated in 'Consultant and Engineering Design Services', published by RIF — the Organisation for Consultants. The framework agreements shall also include independent inspections within the relevant discipline.

The framework agreements shall apply for Gran, Lunner and Jevnaker municipalities. The framework agreement shall be valid for 2 years with an option for an extension for 1 year at a time to a total length of maximum 4 years.

Consultancy and engineering design services for major projects, or projects where there will be a need for special capacity/competence/experience, or where indicated by other relevant conditions, can be announced separately. The contracting authority shall have the right, but an obligation, to announce separate competitions in such cases.

See the tender documentation for a detailed description and information on the procurement's extent and limitations.

II.1.6. CPV code(s)

71310000 Consultative engineering and construction services, 71311000 Civil engineering consultancy services, 71312000 Structural engineering consultancy services, 71315210 Building services consultancy services, 71317000 Hazard protection and control consultancy services, 71317100 Fire and explosion protection and control consultancy services, 71318000 Advisory and consultative engineering services, 71530000 Construction consultancy services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The municipalities expect to have development projects in the contract period of varying sizes and complexity, including new buildings, additions/extensions, alterations, renovations etc. The extent of the work is not defined, but the framework agreement shall generally apply for the procurement of services covered by the assignment. The assignments can be minor assignments for a few hours, or assignments that last for a longer period. The contracting authority reserves the right to vary the commitment as needed and manage this in the orders for each assignment, hereafter called call-off.

See the tender documentation for further details on the expected extent.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 024 (from the award of the contract)

Information about lots

Lot No: 1

Lot title: Construction techniques (RIB)

1) Short description

All types of consultancy services within the construction techniques discipline can be procured. Tenderers shall, amongst other things, provide services within engineering design management, engineering design services, inspections of engineering design, applications, HSE coordination in the engineering design phase, and inspection of the execution/delivery. Tenderers shall also see to the relevant authority requirements for independent inspections of measures, cf. the provisions in the Planning and Building Act (PBL), the Building Application Regulations (SAK10) and the Building Technical Regulations (TEK10). See the tender documentation for further details.

2) CPV code(s)

71310000 Consultative engineering and construction services, 71311000 Civil engineering consultancy services, 71312000 Structural engineering consultancy services, 71315210 Building services consultancy services

3) Quantity or scope

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation.

Lot No: 2

Lot title: Fire (RIBR)

1) Short description

The tenderer shall, amongst other things, provide services within engineering design, inspection of engineering design, applications and inspection of execution/delivery.

Tenderers shall see to the relevant authority requirements for independent inspections of measures, cf. the provisions in the Planning and Building Act (PBL), the Building Application Regulations (SAK10) and the Building Technical Regulations (TEK10) as well as the guidelines to the regulations for fire prevention measures and inspections. See the tender documentation for further details.

2) CPV code(s)

71310000 Consultative engineering and construction services, 71311000 Civil engineering consultancy services, 71317000 Hazard protection and control consultancy services, 71317100 Fire and explosion protection and control consultancy services

3) Quantity or scope

4) Indication about different time frame or duration

5) Additional information about lots

See the tender documentation.

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The tenderer must be a legally established company.

— Norwegian companies: Company Registration Certificate;

— Foreign companies: Proof that the company is registered in a trade index or business register as prescribed by the law of the country where the tenderer is established.

— Overview of the company form, organisation, ownership structure and shareholders.

III.2.2. Economic and financial ability

List and brief description of conditions: — Annual financial statements for the last 3 years including the board's annual report and the auditor's statement. If for valid reasons a tenderer is unable to submit the documentation requested by the Contracting Authority, the tenderer may prove his economic and financial standing with any other document that the Contracting Authority is able to accept.

— The Contracting Authority can, if needed, also obtain a credit assessment from a certified credit assessment company in order to assess the tenderer's financial capacity. A credit assessment shall at a minimum document good credit worthiness.

Minimum level(s) of standards possibly required: The tenderer must have the financial capacity to implement the contract.

III.2.3. Technical and professional ability

List and brief description of conditions:

1. List of the most important recent deliveries, including information on their value, date, the name of the public and/or private recipients, the size of the projects, what concrete work tasks were carried out in the different assignments etc.
2. Overview of the company's total workforce.
 - o The overview must document that the tenderer at a minimum has 3 qualified consultants who can carry out assignments under the framework agreement;
 - o A commitment statement must be enclosed from any sub-suppliers.
3. Statement regarding the tenderer's quality assurance system/ quality management system.

Minimum level(s) of standards possibly required:

1. Tenderers shall have experience with engineering design services for nursing homes, sheltered accommodation flats, schools and nurseries.
2. Tenderers shall have satisfactory capacity and competence to carry out the assignment.
3. A good and well-functioning quality assurance system is required for the services that will be provided.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

16/01432

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

27.6.2016 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 31.8.2016

IV.3.8. Conditions for opening of tenders

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

18.5.2016
