Tenders or requests to participate must be submitted electronically via: <https://permalink.mercell.com/198905147.aspx>

I.4. Type of the contracting authority

National or federal agency/office

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Kirkebygden primary school and Våler secondary school - Turnkey contract

II.1.2. Main CPV code

45000000 Construction work

II.1.3. Type of contract

Works

II.1.4. Short description

The project includes the schools Kirkebygden primary school and Våler secondary school, which are located in the same area in Våler municipality in Viken.

The schools are dimensioned for a total of 710 students, with 350 students at the primary school and 360 students at the secondary school.

The project is being planned by the builder, with startup in summer 2023 and completion in 2025. As part of the contest, tenderers must present a progress plan for the project with associated milestones.

Framework approval for the project is provided in accordance with TEK17.

School operations will take place at the primary school during construction. The safety of the school students will therefore be particularly highlighted, and this is indicated in the tender documentation.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45210000 Building construction work, 45212212 Construction work for swimming pool, 45212225 Sports hall construction work, 45214000 Construction work for buildings relating to education and research, 45214200 Construction work for school buildings, 45214220 Secondary school construction work

II.2.3. Place of performance

NUTS code: NO082 Viken

II.2.4. Description of the procurement

The measure includes:

- Expansion of Kirkebygden primary school with an extension of the administration wing, a new volleyball hall and two new wings for learning areas that are connected to the existing school.
- New Våler secondary school with associated local community facilities with a multi-purpose library in the heart of the school, and a new swimming pool that is adapted for holding competitions. The secondary school will be built off of the existing Våler Hall, and also includes a new changing room facility at Våler Hall. This is a consequence of Våler secondary school being totally destroyed in a fire in the spring of 2021.
- Joint infrastructure will be established in the area with a new joint well park located in the current car park, and a joint energy centre for both schools. The joint energy centre is integrated into the secondary school and therefore needs to be completed in due time before the primary school is completed.
- The water and sewage infrastructure that runs through the site will be upgraded to become part of the municipal water main, including a temporary solution to meet the requirements for fire water coverage.
- Construction of play and outdoor areas for both schools.
- Upgrading of access, car park and the new Kiss and Ride solution.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

See the complete tender documentation and price sheet.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:
