2.1. Procedure

Title: Framework agreements for leasing zero emission vehicles.

Description: The contracting authority would like to enter into framework agreements for operational leasing of zero emission vehicles to relevant units. The contract period is 3 years + 1 year unilateral option, total 4 years. The framework agreements are for minor vehicles such as passenger cars and goods vans for the home service, inspection, administration and property and technical operations. Larger vehicles and special vehicles are not included in this tender. Tenderers can submit tenders for one, several or all sub-contracts. Which sub-contracts/vehicle classes a tender is submitted for, is stated in the tender letter and in the price form.

Procedure identifier: 3955d27a-328e-4a40-a8a5-a942116198f9

Internal identifier: 1

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: A framework agreement (sub-contract) will be signed with the winner of each vehicle class (6 classes). Tenderers can submit tenders for one, several or all sub-contracts. The contracting authority has a clear ambition for uniform and trouble free vehicle maintenance. The framework agreements shall ensure that the municipality's ongoing need for vehicles is covered in a way that provides high operational security, good predictability and minimal load for the organisation. The agreement shall include leasing vehicles with the accompanying services, including maintenance, service, repairs, necessary upgrades, roadside assistance and other services that contribute to continual and safe operation. The aim is to establish a contract that gives the municipality easy access to reliable vehicles, ensures high availability and reduces the risk of interruptions to operations. This shall facilitate a flexible, efficient and predictable vehicle management that supports the municipality's service production. As of 01.02.2026, the Contracting Authority leases approx. 35 vehicles (with different expiry dates) and owns approx. 25 vehicles themselves. The total fleet per 01.02.2026 is therefore approx. 65 vehicles. The contracting authority plans to lease approx. 45 vehicles in the coming agreement period. See annex 1, requirement specifications and price form for a detailed description of the needs and requirements for the delivery.
