II.1.5. Short description of the contract or purchase(s)

Housing Maintenance Solutions (HMS) is a wholly owned subsidiary of social housing provider Liverpool Mutual Homes located in the North West of England. HMS wish to establish two contracts, one for the provision of skip services, and the other for waste management disposal services, to help HMS fulfill it's current contract. Services will predominantly be required in the Liverpool area. HMS also delivers services outside of the contract with LMH, in the surrounding areas, St Helens, Warrington and Cheshire. These works include Minor Adaptations works, Disabled Facilities Grant works, so there maybe occasions when skips are required within these areas also.

The purpose of this procurement process is to establish two distinct contracts in respect of the following services:

Lot 1 - Skip Services, Contract Value circa GBP 150 k over three years.

Skips to be provided around Liverpool and the surrounding areas.

Lot 2 - Waste Management Services, Contract Value circa GBP 700 k over three years

HMS are looking for a minimum of two locations for tradesman to dispose of waste, one in the Childwall area of Liverpool, and one in the Kirkdale area of Liverpool. Sites must be located within a five mile radius of these areas. Ideally the more locations the better. We require either a waste transfer station or skip provision at site for our tradesman to dispose of waste at these locations. A combination of both skips / transfer station would also be acceptable. For sites where skips are to be provided HMS would require exclusivity to theses locations to avoid delays in waiting times. Locations must be secure at all times.

Providers can tender for Lot 1 and Lot 2 or both lots. However, contractors must have adequate resources to be able to undertake the works for which they are bidding.

No guarantee can be given regarding the volume of business placed.

Please refer to the attached PQQ Instructions Document on what is required to participate in this process.
