II.1. Scope of the procurement

II.1.1. Title

Qualification phase, framework agreements for area planning and technical consultancy services

Reference number: 2022/558

II.1.2. Main CPV code

72220000 Systems and technical consultancy services

II.1.3.

Type of contract

Services

II.1.4. Short description

Tysvær Municipality (TK) intends to procure parallel framework agreements within area planning and technical planning (road, water, sewage, and other technical infrastructure) with two - 2 - tenderers.

NOTE: The municipality has set a requirement that tenderers can offer both disciplines - area planning and technical planning - as we see it as an advantage that we believe will give synergy effects in projects.

The framework agreement period is 2 years, with option for further 1+1 year extension. The contract duration in the contest documents includes two option years.

The estimated annual value of the contract is approximately NOK 8,000,000 (split between all contracts). This gives a total estimate for the framework agreement's duration (including the options) of NOK 32,000,000. The estimated value is an estimate of the scope, and is only of an informative character and is in no way binding for the contracting authority. The amount of assignments depend on the activity in the municipality, and the budget that is decided by the municipal council in December each year.

II.1.5. Estimated total value

Value excluding VAT: 32 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71322200 Pipeline-design services, 71400000 Urban planning and landscape architectural services, 71410000 Urban planning services, 71800000 Consulting services for water-supply and waste consultancy, 72224000 Project management consultancy services, 90490000 Sewer survey and sewage treatment consultancy services, 90492000 Sewage treatment consultancy services

II.2.3. Place of performance

NUTS code: NO0A1 Rogaland

Main site or place of performance: Tysvær Municipality.

II.2.4. Description of the procurement

Tysvær Municipality is a municipality with a growth trend, and there is a constant need for external assistance for area planning assignments and technical planning, as the municipality does not have sufficient capacity and competence itself.

The municipality will use this contest to enter into framework agreements for engineering design management and engineering design engineers within area planning and technical planning with 2 tenderers.

The framework agreement is intended to cover most of the contracting authority's need for the services in question. The municipality reserves the right, but not an obligation, to hold separate contests for assignments worth exceeding NOK 600,000. Some assignments can also be carried out by the contracting authority itself.

As part of the assignment, the tenderer must familiarise himself with the municipality's general plans and strategies, primarily municipal plans, development strategies, and the development programme.

The tenderer must be able to help the contracting authority in its work with input on the annual budget, so that we get the best possible figures for the planned assignments.

The tenderer and contracting authority will formulate a work plan for the coming year when the budget has been approved. The work plan will include all major assignments, whilst minor work will be agreed as required.

Contracts that have been signed before the framework agreement expires will be completed in accordance with the contract and the conditions agreed for the concrete assignment. See annex A - referral of the assignment with the requirements specification. The prices will be fixed in the first year, thereafter the prices can be regulated annually with SSB's consumer price index.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 32 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/07/2022 End: 30/06/2026

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5 Objective criteria for choosing the limited number of candidates:

The selection criteria are described in annex A.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The contract period is 01.07.2022 - 30.06.2024, with a unilateral right for Tysvær Municipality to extend the contract for 1 + 1 option year.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information
