II.1.4. Short description

Ullensaker Municipality shall expand the capacity at Gardermoen treatment plant. In addition to a considerable capacity expansion, the new Gardermoen wastewater treatment plan must fulfil significantly more stringent requirements on the reduction of the total amount of phosphorus used in the treatment process.

The expansion of Gardermoen treatment plant, the UGRA project, will consist of several different contracts. In this project, Ullensaker Municipality has chosen to put preparatory work and installation in a separate contract (ET01) that will be held parallel to the procurement of the construction contract in order to save time.
