Weighting: 30

Quality criterion - Name: Assignment comprehension / Weighting: 40

Price - Weighting: 30

II.2.6. Estimated value

Value excluding VAT: 6 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The duration of the framework agreement is 2 years from commencement of the contract, with an option for extension for 1 year up to two times (1+1 year). The framework agreement can be for a total of 4 years if the full option is exercised (2+1+1).

II.2.13.

Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

The tenderer's registration, authorisations, etc.,

Requirement: Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established. Documentation requirement: - Norwegian tenderers: Company Registration Certificate. - Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Sufficient economic and financial capacity.

Requirement: Tenderers must have sufficient economic and financial capacity to fulfil the contract. Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement. Documentation requirement: A credit rating based on the most recent financial figures. The rating must be carried out by a credit rating agency with a licence to provide such service. - The contracting authority can obtain further credit ratings or other financial information such as, but not limited to, the annual accounts including notes, the board's annual reports, and the auditor's reports.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Experience from comparable assignments.

Requirement: Tenderers must have experience from comparable assignments. Documentation requirement: Description of up to three of the most relevant assignments during the last three years. The description must include the date and recipient of the assignment. It is the tenderer's responsibility to confirm relevance through the description. Tenderers can document experience by referring to the competence of personnel at disposal for this assignment, including experience that has been acquired while personnel performed services for another supplier.

Necessary authorisations and approvals

Requirement: Tenderers must have the required authorisations and approvals. Documentation requirement: Tenderers must attach documentation of public approval(s). The requirement can be documented with public approval of the company/healthcare personnel such as authorisations, licences, specialist approvals and equivalent.

Quality assurance system

Requirement: Tenderers must have a good and well-functioning quality assurance system for the services that will be provided. Documentation requirement: Tenderers must have a well-functioning quality system suited to the content of the contract. The requirement is documented by a quality system/assurance system certificate issued to the company by an

independent body that confirms the tenderer fulfils certain quality assurance standards (e.g. ISO 9001:2002). The contracting authority will also accept other documentation demonstrating that the tenderer has sufficient quality assurance measures. As a minimum, this must include an account of the Tenderer's quality management system, including a table of contents and a general description of the contents of the system relevant to this contract and in relation to the organisation and policies of the company.
