III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Qualification requirement: Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation Requirement

- Norwegian tenderers: Company Registration Certificate.
- Foreign companies: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established. The certificate must not be older than 12 months from the tender deadline.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Qualification requirements

Tenderers must have the financial capacity to carry out the assignment/comply with the contractual obligations. Tenderers are required to be credit worthy, have satisfactory liquidity and solidity, and a minimum score of A or equivalent.

Documentation Requirement

- A credit rating based on the most recent financial figures. The credit rating must not be older than 3 months. The rating must be carried out by a credit rating agency with licence to conduct such services.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Qualification requirements

Tenderers must have experience from similar contracts

Documentation:

Fill in annex 5. A description of the three most relevant equivalent deliveries in the last three years. Including information about the value, time and recipient (name, telephone and email). The contracting authority must be given the authority to contact the person in question. The references will only be contacted if required.

Qualification requirements

Tenderers are required to have a quality assurance system.

Documentation:

- Documentation of the quality assurance system. An account of the tenderer's existing routines and documentation that the requirement for a quality assurance system/management system applicable for the assignment is covered. If this is described in the tenderer's quality assurance system, in accordance with ISO 9001 or equivalent, documentation of this can be enclosed.

Qualification requirements

Tenderers are required to have an environmental management system.

Documentation Requirement

- Documentation of an environmental management system. Copies of any certificates, such as ISO 14001, EMAS, Miljøfyrtårn or equivalent, are to be enclosed. If a tenderer does not have an environment management system, the tenderer must be willing to implement one within 6 months of the contract being signed. This must be documented in writing.

Qualification requirements

Tenderers must have a binding cooperation relationship with any sub-contractors.

- Signed commitment statement (Annex 8).

Documentation:

If a tenderer must rely on another company's competence or capacity to fulfil a qualification requirement, a separate ESPD must be enclosed for this sub-supplier.
