VI.3. Procedures for review**VI.3.1. Review body****VI.3.2. Review procedure**

Precise information on deadline(s) for review procedures: In accordance with Regulation 32 of the Public Contracts Regulations 2006. WMPA will incorporate a minimum 10 calendar day standstill period starting from the date when the award decision notification is dispatched to bidders. This period allows unsuccessful bidders to seek further de-briefing from the WMPA before the contract is entered into.

Applicants have until midnight of the second working day of the standstill period for their additional debriefing requests to reach the named Procurement contact. A response to such a request must be provided to the bidder by a minimum of 3 working days before the expiry of the standstill period. If an appeal regarding the award of the contract has not been successfully resolved, Regulation 47 of the Public Contracts Regulations 2006 provide for the aggrieved parties who have been harmed, or are at risk of harm as a consequence of a breach of the procurement rules to bring an action in the High Court. Any such action must be brought promptly and in any event within 3 months of the date when the grounds of complaint first arose. Where a contract has not been entered into, the court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into, the court may only award damages. The purpose of the standstill period referred to above is to allow parties to apply to the court to set aside the award decision before the contract is entered into.
