Newport City Homes intention in introducing an Integrated HR and Payroll Management System is to enable the HR / Payroll team, line managers and employees to complete tasks digitally, reducing both time spent on these tasks and costs.

In addition, the introduction of a HR and Payroll Management System should allow the HR / Payroll team to provide a more efficient, consistent, and cost-effective service to managers and employees. Reporting information should be instantly available and accurate; HR will be able to easily identify employee patterns and take action on these (e.g. absence, recruitment and retention), employees will be able to maintain and update their personal information securely themselves at any time, without having to contact the HR team.
