Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the state where the tenderer is established.

Documentation requirements: Norwegian companies: Company Registration Certificate.

Foreign companies: verification showing that the company is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

Documentation requirement:

Credit rating based on the most recent financial figures. The rating shall be conducted by a credit information agency with permission to provide these services in Norway. If a tenderer has valid reasons for not being able to provide the documentation requested by the Contracting Authority, the tenderer can prove his economic and financial position with any other document that the Contracting Authority deems suitable.

Minimum level(s) of standards possibly required:

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

A. The tenderer shall have experience from comparable assignments;

B. The tenderer shall have a good and well-functioning quality assurance and management system for the services that shall be provided;

C. The tenderer shall have an environmental management system.

Documentation requirement:

A. Description of up to 3 of the tenderer's most relevant/comparable assignments during the last 3 years. The description must include a specification of the value of the assignment, the complexity, date, and recipients (name, telephone No and E-mail address) The tenderer is responsible for documenting the assignment's relevance through the description. Tenderers may do this by including documentation on the competence of the personnel that can be used for this project, including experience that has been acquired while the personnel was in the service of another employer;

B. Tenderers must submit documentation on their quality assurance and management system. The following documentation will be accepted: Certificates for the tenderer's quality assurance /quality management system. Certificate(s) must be issued by independent bodies confirming that the tenderer meets the quality assurance standards according to ISO 9001 or equivalent, or a description that as a minimum comprises the tenderer's procedures/routines for: Deviation and claims management, authorisation of sub-contractors, the process from reception and registration of orders up until delivery to the customer;

C. Tenderers must submit documentation of their environment management system. The following documentation will be accepted: Valid attestations/certificates issued by independent

bodies (e.g. ISO 14001, EMAS, Eco Lighthouse or equivalent) or a description of the tenderer's own environment management system. The description must as a minimum include an environmental policy and environmental goals.
