**II.1.4. Short description**

The contracting authority is Digitale Gardermoen IS (DGI) on behalf of its owner municipalities. Based on the owner municipalities' needs and experience from the competition in 2016 and contract, technological development, service development and the supplier market, DGI has revised its sourcing strategy. New procurement of external operational services (new delivery platform) is considered best realised with a module-based approach. Furthermore, DGI sees the procurement of the delivery platform in the context of a cloud-first trend. This tender contest specifically involves ICT consultancy related to monitoring, detecting and handling security threatening incidents called Security services.

Nittedal municipality, Asker municipality, Lillestrøm municipality, Lørenskog municipality, Hedmark ICT and Øyern ICT have options for entering into the contract as a contracting authority. See the description in the contract. The listed municipalities and companies have the right to join the framework agreement during the lifetime of the contract, but no obligation to do so.
