**II.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

#### **II.1.4. Information about framework agreement**

Framework agreement with a single operator

##### **Duration of the framework agreement**

Duration in months: 48

##### **Estimated total value of purchases for the entire duration of the framework agreement**

Estimated value excluding VAT: 30 000 000 NOK

#### **II.1.5. Short description of the contract or purchase(s)**

Bergen Vann KF operates the municipal water and sewage facilities in Bergen and Os Kommune. The organisation must ensure good and satisfactory water supply and good and environmentally correct sewage treatment.

Bergen Water shall enter into a framework agreement (without mini-competition) for the transport of sludge from several treatment facilities located in Bergen and Os municipalities. The sludge shall be transported to the biogas facility in Rådalen. This is done in order to utilise the resources in the sludge in the best possible manner. The biogas facility is expected to be completed by the second half of 2016.

The collection and delivery of sludge shall take place during workdays and between 7:00 and 15:00. Bergen Water will supply containers for this assignment. Location for storage of the containers can be agreed upon. Approx 10 daily deliveries must be expected and minimum 4 500 kg sludge shall be transported.

#### **II.1.6. CPV code(s)**

90513700 Sludge transport services

#### **II.1.7. Information about the Government Procurement Agreement (GPA)**

Duration in months: 012 (from the award of the contract)

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions related to the contract**

#### **III.1.1. Deposits and guarantees required**

#### **III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them**

#### **III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded**

#### **III.1.4. Contract performance conditions**

The performance of the contract is subject to particular conditions: no

### **III.2. Conditions for participation**

#### **III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions: Requirements: The tenderer should have his tax payments in order.

Documentation:

Tax certificate, issued via Altinn, The Tax Office or the Tax Collection Office. The certificate shall not be issued more than 6 months prior to the tender deadline.

Foreign tenderers are to provide certificates from corresponding authorities in the countries where they are registered for tax.

If the authorities in the respective countries do not issue such authorisation, the tenderer must present a self-declaration regarding whether there are arrears on taxes and if so, the amount of these. The self declaration must be signed.

Requirements: The tenderer should have his VAT payments in order.

Documentation:

VAT certificate, issued via Altinn, The Tax Office or the Tax Collection Office. The certificate shall not be issued more than six months prior to the tender deadline.

Foreign tenderers are to provide certificates from corresponding authorities in the countries where they are registered for tax.

If the authorities in respective countries do not issue such authorisation, the tenderer must provide a self-declaration form regarding whether there are arrears on value-added tax and if so, the amount of this. The self declaration must be signed.

Requirements: The tenderer shall be a legally established company.

Documentation:

Company Registration Certificate, not issued more than six months prior to the deadline for requests to participation. Foreign tenderers must prove that the company is registered in a professional register or business register, as prescribed in legislation in the country where the tenderer is established.

#### **III.2.2. Economic and financial ability**

#### **III.2.3. Technical and professional ability**

List and brief description of conditions:

Requirements: Ability to fulfil the contract — personnel.

The tenderer is required to show good ability to carry out the assignment in accordance with the needs of the Contracting Authority. The tenderer is therefore required to have sufficient capacity to be able to implement the assignment.

Documentation:

An overview of the number of full-time equivalent years with expertise for special/important disciplines for the fulfilment of this service.

Requirement: Execution Capability — equipment.

The tenderer is required to show good ability to carry out the assignment in accordance with the needs of the Contracting Authority. The service provider is required, therefore, to have sufficient capacity to be able to complete the task.

Documentation:

An overview of the instruments, machines, tools, materials or technical equipment, including their capacities, which the tenderer can use for the fulfilment of this delivery.

Requirements: Procedures for environmental management.

The assignment requires tenderers who have procedures and systems that ensure that the execution of the delivery has a low environmental impact.

Documentation:

Description of the company's procedures and systems for ensuring low environmental impact when carrying out the delivery.

If the company has environmental certification or ISO 14001:2004 (or a more recent version) or equivalent third party verified systems, such a certificate will be accepted as documentation for fulfilment of the qualification requirement.
