Works

Design and execution

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

AVI Twente BV (Twence) is voornemens een scheiding- en sorteerinstallatie te gaan bouwen voor de productie van herbruikbare grondstoffen uit huishoudelijk restafval en (brongescheiden) kunststof en ander licht verpakkingsmateriaal. De totale scheidingsinstallatie bestaat uit drie deelprocessen, te weten: ontvangst en opslag van het afval (input), de scheidingsinstallatie (proces) en de opslag van de gescheiden en gesorteerde producten (output). Deze 3 processen worden gepositioneerd in de bestaande TAS hal (8 000 m²) en een nieuw te bouwen hal (onderdeel van deze scope) van circa 4 000-5 000 m². Het proces en de opslag van gebaalde producten zullen worden ondergebracht in de voormalige TAS hal. In de nieuw te bouwen inputhal (circa 4 000-5 000 m²) zal de ontvangst en opslag van huishoudelijk rest afval en kunststof verpakking materiaal worden ondergebracht. Uit de scheidinginstallatie zal een groot deel van de input als niet sorteerbeer residu verwerkt worden in de afvalenergiecentrales bij Twence. Dit residu zal met een transportband (onderdeel van deze scope) automatisch van de scheidingsinstallatie naar de afvalverbranding getransporteerd worden. Deze transportband zal op hoogte en overdekt worden gepositioneerd. De nieuwe hal, rangeerterrein en transportband moeten o.a. worden voorzien van gebouwgebonden installaties, een sprinkler systeem en geüpdatete faciliteiten.

II.1.6. CPV code(s)

45210000 Building construction work, 45220000 Engineering works and construction works, 45300000 Building installation work, 45100000 Site preparation work
