**Section II: Object of the contract**

---

**II.1. Description****II.1.1. Title**

Repairs &amp; maintenance services framework.

**II.1.2. Type of contract and place of performance or delivery**

Services

Service category No 1: Maintenance and repair services

Main site or place of performance: Across the United Kingdom, excluding Northern Ireland.

NUTS code UK United Kingdom

**II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**

The procurement involves the establishment of a framework agreement

**II.1.4. Short description of the contract or purchase(s)**

The Cirrus Consortium (The Consortium) is a procurement consortium for contracting authorities across England, Wales and Scotland. The Consortium is managed on behalf of the Membership by Cirrus Purchasing Ltd, a specialist purchasing and supply consultancy supporting the social housing, public and private sectors. The Consortium currently consists of

over 50 members including Registered Providers of Social Housing, Local Authorities, ALMOs and NHS Trusts, with additional organisations joining the consortium on a regular basis. As contracting authorities access the frameworks available from the Consortium, they are allowed Membership to the Consortium, giving them active input into the Central Purchasing Body. The lead contracting authority for this framework is First Ark Group.

This tender was undertaken as an open procedure, as detailed in Regulation 15 of the UK statutory instrument Public Contracts Regulations 2006/5. The Invitation to Tender (ITT) set out the information which was required by The Consortium in order to assess the suitability of contractors in terms of their ability to deliver the requirements of the framework to members. The Consortium sought to establish a new framework of multiple contractors for repairs and maintenance services to cover the following geographic areas (codes in brackets represent EU NUTS codes):

- Lot 1: North East (UKC),
- Lot 2: North West (UKD),
- Lot 3: Yorkshire and the Humber (UKE),
- Lot 4: East Midlands (UKF),
- Lot 5: West Midlands (UKG),
- Lot 6: East of England (UKH),
- Lot 7: London (UKI),
- Lot 8: South East (UKJ),
- Lot 9: South West (UKK),
- Lot 10: Wales (UKL),
- Lot 11: Scotland (UKM).

Successful bidders are required to provide a range of services for The Consortium including but not limited to:

- day to day responsive repairs and maintenance,
- minor works,
- voids repairs and maintenance,
- adaptations,
- out of hours repairs services.

Some mechanical & electrical services and facilities management services may also be required to be delivered under this framework including, but not limited to; door entry system repairs and maintenance, CCTV repairs and maintenance and fire and intruder alarm testing and servicing. Individual bidders are not required to provide all services under this framework. It is intended that contracting authorities may use successful contractors in a number of ways, including as main contractors or as sub contractors to supplement and support existing contractor arrangements.

The framework is available for use by all contracting authorities (as defined by Regulation 19 of the UK statutory instrument Public Contracts Regulations 2006/5), but particularly Registered Providers of Social Housing within England and Wales (as defined by the Housing and Regeneration Act 2008), Registered Social Landlords within Scotland [as defined by the Housing (Scotland) Act 2010], NHS Trusts and local authorities across the UK. The framework is also available for use by all current and future members of the Cirrus Consortium. The framework agreement is 4 years in duration from the commencement date. The framework commenced during May 2015.

The estimated value over the framework period is anticipated to be up to 119 000 000 GBP excluding VAT. However this is an estimate only and the potential maximum value could significantly exceed this value. This is for information only, and no guarantees are given, nor are implied as to the value of business that will be placed with successful bidders participating

in the framework agreement. Award of a place on this framework to any contractor does not guarantee any contracts will be awarded to that contractor.

**II.1.5. CPV code(s)**

50700000 Repair and maintenance services of building installations, 45300000 Building installation work

**II.1.6. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

**II.2. Total value of the contract/lot**

**II.2.1. Total value of the contract/lot**

---

**Section IV: Procedure**

**IV.1. Type of procedure**

**IV.1.1. Type of procedure**

Open

**IV.2. Award criteria**

**IV.2.1. Award criteria**

The most economically advantageous tender in terms of

1. Lots 1 to 11 quality. Weighting 30
2. Lots 1 to 11 cost. Weighting 70

**IV.2.2. Information about electronic auction**

An electronic auction has been used: no

**IV.3. Administrative information**

## **V.5. Information about subcontracting**

### **Section VI: Complementary information**

---

#### **VI.1. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **VI.2. Additional information**

#### **VI.3. Procedures for review**

##### **VI.3.1. Review body**

##### **VI.3.2. Review procedure**

Precise information on deadline(s) for review procedures: This tender process incorporated a minimum 10 calendar day standstill period at the point information on the award of the framework was communicated to tenderers. This period allowed successful tenderers to seek further debriefing from The Cirrus Consortium before the framework was entered into. Tenderers could have raised appeals directly with The Cirrus Consortium via the contact points detailed in section I.1) of the contract notice.

If an appeal regarding the award of the framework had not successfully been resolved between the tenderer and The Cirrus Consortium, then the Public Contracts Regulations 2006 (SI 2006 No 5) provided for aggrieved parties who had been harmed or were at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

##### **VI.3.3. Service from which information about the review procedure may be obtained**

#### **VI.4. Date of dispatch of this notice**

1.6.2015
