Telephone: +47 91112142

Internet address(es):Main address: <https://permalink.mercell.com/124726564.aspx>Address of the buyer profile: <https://www.trondheim.kommune.no/>**I.3. Communication**The procurement documents are available for unrestricted and full direct access, free of charge, at: <https://permalink.mercell.com/124726564.aspx>

Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted electronically via: <https://permalink.mercell.com/124726564.aspx>**I.4. Type of the contracting authority**

Regional or local authority

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Contract 500015 Granåsen Sports Park, Municipal Engineering Infrastructure, Construction Phase B

Reference number: 2020/33177

II.1.2. Main CPV code

45233300 Foundation work for highways, roads, streets and footpaths

II.1.3.

Type of contract

Works

II.1.4. Short description

Construction phase B for municipal engineering infrastructure (KT) in Granåsen sports park in Trondheim Municipality consists of approx. 700 m new/renewed road with pavements, support walls, noise reduction screens, parking and recreational areas, street lights, cable ditches, demolition of buildings, cable ditches and water and sewage ditches, with the accompanying water and sewage manholes.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45231300 Construction work for water and sewage pipelines, 45112730 Landscaping work for roads and motorways, 45262620 Supporting walls, 34928230 Noise fence, 45112700 Landscaping work, 45422000 Carpentry installation work, 45110000 Building demolition and wrecking work and earthmoving work, 45112711 Landscaping work for parks, 45223300 Parking lot construction work, 45112100 Trench-digging work, 45314310 Installation of cable laying, 45316110 Installation of road lighting equipment, 45316100 Installation of outdoor illumination equipment, 44423700 Manhole elements

II.2.3. Place of performance

NUTS code: NO06 Trøndelag

Main site or place of performance: Trondheim.

II.2.4. Description of the procurement

Granåsen sports park will be a general skiing arena for Nordic Disciplines that fulfils international requirements. It must also be an everyday arena and cultural arena for the town's population.

The legal basis for the development is the area plan and development plan r20170032. There are a number of sequential measures including road and water and sewage measures.

Granåsen sports park will be developed in phases. The development must be adapted to various major events, both summer and winter.

Trondheim Municipality, Agency for Sports and Outdoor Life (the project owner) has given Trondheim Municipality, Municipal Engineering the responsibility for the detailed engineering design services for and the construction of roads, water, sewage and some outside areas.

This will be split into different stages, adapted to different wishes and requirements.

Phase A will be completed in May 20 and comprises a ski bridge over Smistadvegen, approx. 180 m of Smistadvegen, the associated water and sewage installations and facilitating areas for countries to use in events. A foot and cycle path will be constructed in spring 20 along the existing Smistadveg from Kongsvegen to the Toppidrettssenteret (top-level sports centre) in order to give safer traffic access to the health and arena building until the road developments have been completed.

This enquiry is for construction phase B and comprises:

— Smistadvegen with pavements from the exit between Smistadvegen 19 and 25 up to and including the Smistadvegen/Tverrvegen junction (new road);

- construction of the new Tverrvegen, with new water and sewage installations and lighting installations from the junction with Smistadvegen to junction with the current access road that goes over the large car park in Granåsen;
- outside areas by the top-level sports centre, as well as outside installations that are not commissioned in the contract for the health and arena building Granåsen;
- there are relatively large areas with terrain forming and re-vegetation;
- three workers' barracks must be demolished in the civil defence camp, as well as Smistadvegen 3, 4 and 8. See drawing B01.

The amounts are as follows:

- 700 m new road (in uncompacted matter and rock),
- 750 m² support walls,
- 50 m new noise reduction screens,
- 20 m privacy screens,
- 2 000 m² recreational area,
- 1 500 m² new car park,
- 40 street light masts,
- 1 400 m cable ditches,
- 6 buildings that must be demolished,
- 1 600 m water and sewage ditches (uncompacted matter and combined ditches),
- 14 water manholes,
- 20 sewage manholes.

Due to a lot of activity in the area, it will not always be possible to carry out work that requires a lot of space due to safety concerns for various traffic groups and other comings and goings and use of the site, buildings and nature in the area. The contract must deal with other contracts in their site work, such as the establishment of a pressure increasing station (by the vestibule for the top-level sports centre), an elevated basin (Hoppvegen by the ski bridge), the ski track project and the ski jump project (site activity from approx. April 2021). Furthermore, the site progress must deal with the daily operation of Granåsen sports arena, as well as major events and normal activities at the sports arena and area in general.

Later construction phases for roads and water and sewage are expected to be as follows (not part of this contract):

- construction phase C will comprise access to Granåsen nursery and surface water installations;
- construction phase D will cover Kongsvegen with two roundabouts with connections to the new Smistadvegen, which is to be constructed now in phase B, as well as a new access road from the roundabout to the new Tverrveg (phase B).

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/09/2020 End: 01/11/2021

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 03/06/2020 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7. Conditions for opening of tenders

Date: 03/06/2020 Local time: 12:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Sør-Trøndelag Tingrett

Postal address: Postboks 2317 Torgarden

Town: Trondheim

Postal code: 7004

Country: Norway

VI.5. Date of dispatch of this notice

22/04/2020
