VI.4.3. Review procedure

Precise information on deadline(s) for review procedures:

The contracting authority will incorporate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers. This period will allow unsuccessful tenderers to seek further debriefing from the contracting authority before the contract is entered into. Applicants have two working days from the notification of the award decision to request additional debriefing and that information has to be provided a minimum of three working days before the expiry of the standstill period. If an appeal regarding the award of a contract has not been successfully resolved, the Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England). Any such action must be brought promptly (generally within 3 months). Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the contract to be 'ineffective'.
