**II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**

**II.1.4. Short description of the contract or purchase(s)**

This contract is for various products within the range.

Radiographic contrast media are used to enhance the visualisation of anatomic structures within the body that usually provide little subject contrast.

This project will review the use of X-ray Contrast Media within the East Midlands and look to provide a cost/service improvement through an OJEU tender process.

It is proposed to implement framework agreements with the suppliers of these products. It will

not be possible to standardise on the products from a single supplier as each trust has their own specific requirements determined by their trust policies.

The contract will be for:

- Non-ionic,
- Ionic,
- MRI,
- Ultrasound media.

Where participating Trusts have agreed with, or ordered from, the contractor(s) a specific name, type or brand of generic product to be supplied, the contractor(s) will not supply an alternative unless the ordering Trust has agreed such an alternative.
