#### **II.1.4. Short description**

GRID-Arendal works on a wide range of projects transforming complex scientific and environmental information into easily understandable and visually compelling maps and graphics. These maps and graphics are designed to allow decision and policy makers to understand issues and motivate action that will lead to positive environmental outcomes. The successful applicant will supplement our internal capacity in GIS, cartography and design, to help us deliver our high-quality outputs.

GRID-Arendal is seeking to sign a framework agreement with one or more suppliers for GIS, cartography and design services.

#### **II.1.5. Estimated total value**

Value excluding VAT: 2 000 000,00 NOK

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.3. Place of performance**

NUTS code: NO Norge

#### **II.2.4. Description of the procurement**

GRID-Arendal is seeking to sign a framework agreement with one or more suppliers for GIS, cartography and design services as outlined below:

- Synthesis and analysis information from a range of sources including scientific publications, reports, GIS data, remote sensing data and online databases and prepare for use in maps and graphics.
- Produces static maps that communicate scientific information and trends to a non-expert audience for print and digital consumption.
- Develop graphics and infographics that simplify complex information and concepts for a non-expert audience.
- Produce interactive maps and infographics to display spatial data and other relevant information.
- Communicate with project managers and translate their requirements into visually compelling maps and graphics.
- Develop and work with style guides to ensure consistent visual standards for within and across publications.
- Experience with Adobe creative suit, GIS and other industry standard software for design and graphics.

In case of multiple applicants being selected for this Framework, applicants will be ranked based on the evaluation.
