  - (h) is guilty of serious misrepresentation in supplying the information required under this Section, or has not supplied such information.

Additional pass/fail criteria provided in the PQQ will be Economic and Financial Standing and Quality Accreditation.

The Applicant's financial ability to meet this requirement will be assessed on a risk basis and the Applicant's financial accounts will be evaluated the Authority. Factors that will be taken into consideration when evaluating the accounts include: turnover; profitability; liquidity and working capital; debt; cashflow. The MOD will also examine the financial health of any holding company or subsidiary of the applicant company where it is part of a group. When assessing the financial health of an organisation the Authority will also taken into consideration any Auditor's opinion, for example qualifications or emphasis of matter statements. The Authority's opinion may be validated using financial credit agencies such as Company Watch and Dunn and Bradstreet. If examination of the financial accounts exposes the potential for an applicant to experience financial difficulty, then the Authority will determine the level of risk that it is willing to bear in fulfilling the requirement. Evaluation of the accounts will attract an acceptable or non-acceptable risk marking. A non-acceptable risk marking will constitute a fail and the applicant's PQQ response will not be considered further.

The pass/fail criterion for Quality Accreditation is certification with appropriate scope by an accredited body to BS EN 9001:2008 or equivalent.

Applicants that are successful with regard to the pass/fail criteria will be down selected if necessary to a maximum of 6 bidders using a scored evaluation of the following criteria, listed in no particular order: sustainability; performance management; innovation; supply chain management; collaborative working; and capability.
