### IV.1. Type of procedure

#### IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

Justification for the award of the contract without prior publication of a call for competition in the Official Journal of the European Union:

Directive 2004/18/EC

#### 1) Justification for the choice of the negotiated procedure without prior publication of a contract notice in the OJEU in accordance with Directive 2004/18/EC

Het UMC beschikt over twee angiostatieven die in tegenoverliggende angiokamers zijn geplaatst, gescheiden door een gemeenschappelijke bedieningsruimte. Het introduceren van een angiostatief van een andere leverancier zou tot gevolg hebben dat er verschillende conventies moeten worden gebruikt voor gebruikershandelingen binnen dezelfde angio-unit. Dit geldt dan zowel voor de operateurs als voor de laboranten, die de instellingen bedienen en per procedureel ook quantitative analyses uitvoeren op de bedieningsconsole. Vanwege het verhoogde risico van instelfouten en vertragingen door gebrek aan ervaring met softwaremodules en ten gevolge van verwisseling van processtappen die in aparte werkprotocollen zullen zijn vastgelegd, zou dit ernstige schade kunnen toebrengen aan de gezondheid van de patiënt. In het kader van de patiëntveiligheid is het gebruik van meerdere conventies dus sterk af te raden.
