Safety cases. The Defence General Munitions Project Team (DGM PT) has under consideration a requirement for a Framework Contract for the provision of support to Safety and Environmental Case Reports (SECRs) for a range of munitions. It is anticipated that the Contract will run for a period of one year with options for up to a further three years. The requirement for each task shall include attendance and minute taking at review meetings, researching the relevant safety and environmental material associated with each store, drafting amendments to safety case reports in accordance with review meeting minutes and to JSP520 format, producing a final up-issued copy of the SECR (in hard and soft copy), amending (where relevant) the Ships Explosive Store Safety Instruction (SEXSSI) and drafting OME submission letters in accordance with JSP520. This list of activities is not

comprehensive; nor will all tasks necessarily require all of the listed activities. Reviews will vary in complexity with various review levels being described as “Light”, “Medium”, “Full (simple)”, and “Full (complex)”.

Interested parties should be familiar with the latest issue of JSP 520 and the latest DGM PT Safety and Environmental Management Plan (SEMP).

It is intended that the resulting Contract will consist of a firm requirement for 35 reviews and with a mechanism for adding additional tasks on an ad-hoc basis.

A copy of the Pre-Qualification Questionnaire detailing the criteria to be used to select suitable parties to be invited to tender is available on request.

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement, and the contract will be awarded on the basis of the most economically advantageous tender. Suppliers interested in working with the Ministry of Defence should register on the MOD Supplier Information Database (SID) Register, available at www.contracts.mod.uk. The MOD SID is a database of active and potential suppliers available to all MOD and UK Defence procurement personnel, and is the main supplier database of MOD Procurement organisations. Please note: the registration and publication of a company profile on the MOD SID does not mean or imply that the supplier has in any way been vetted or approved by the MOD. Suppliers wishing to compete for advertised MOD contracts must respond to any specific call for competition by submitting a separate expression of interest in accordance with the instructions of the purchasing organisation.
