The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The circumstances which justify the use of this procedure are listed below:

- EUROCAE is the only aviation standardisation organisation in Europe with broad expertise in the production of coherent sets of technical specifications (standards) which lay down the characteristics of both airborne and ground-based systems, equipment and constituents — defining items such as dimensions, interoperability, safety and performance;
- there is no reasonable alternative or substitute available to the Agency;
- the absence of competition on the market at hand is not the result of an artificial narrowing down of the parameters when defining the procurement.

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.8. Information about termination of dynamic purchasing system

IV.2.9. Information about termination of call for competition in the form of a prior information notice
