Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The contract may only be awarded to the company due to technical reasons. The company holds under a non-expiring data licencing agreement with BAE Systems (which took effect on 1.4.2012) the exclusivity of the Chipmunk aircraft data including; all drawings, supporting design and airworthiness documentation, aircraft manuals and customer support records. Furthermore, there have been no provisions made in previous contracts with the MOD to grant a licence to use the exclusive rights to the design data and no third parties have been granted a licence for use of the aircraft data. It is therefore not possible for the Authority to access and release the data and hold a competition for the provision of a new master maintenance schedule. In addition the contractor is the only company that has the technical know-how to fulfill the requirement.
