I.2. Type of the contracting authority

Body governed by public law

I.3. Main activity

Housing and community amenities

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: yes

Section II: Object of the contract

II.1. Description

II.1.1. Title

Asbestos Removals Framework.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 16: Sewage and refuse disposal services; sanitation and similar services

Main site or place of performance: Primarily in Knowsley, but work may also be undertaken across the North West of England.

NUTS code UKD5 Merseyside

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

The First Ark Group consists of five companies: First Ark Ltd, KHT, Vivark Ltd, Oriel and One Ark.

First Ark sought bids from appropriately skilled and experienced contractors to provide Asbestos Removals Services across the North West, primarily in Knowsley.

The tender sought to establish a framework of multiple contractors. The final framework is awarded to 5 contractors.

The successful bidders are required to provide Asbestos Removals Services to First Ark including unlicensed notifiable removals and licensed removals of higher risk ACMs. Removals will take place in predominantly empty homes and as part of responsive repairs to occupied properties. Some removals may also take place as part of planned improvement works undertaken by First Ark such as the ERP (external repairs and painting) programme. Successful bidders will fully comply with the Control of Asbestos Regulations 2012 and Approved Code of Practice Guidance L143.

The framework will be available to use by First Ark and all other members of the First Ark Group. Other contracting authorities, particularly other registered providers of social housing, will also be able to access the framework with prior permission from First Ark.

Potential value (exclusive of VAT) is approximately 360 000 GBP per annum. This is for information only based on First Ark historical expenditure, and no guarantees are given, nor are implied as to the value or quantity of business that will be placed with successful bidders. First Ark reserves the right to change the volume of work during the life of the framework, and where other contracting authorities use the framework, the value of expenditure may increase significantly.

The framework commenced during June 2015.

II.1.5. CPV code(s)

90650000 Asbestos removal services, 45262660 Asbestos-removal work

II.1.6. Information about the Government Procurement Agreement (GPA)

Section VI: Complementary information

VI.1. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.2. Additional information

VI.3. Procedures for review

VI.3.1. Review body

VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: This tender process incorporated a minimum 10 calendar day standstill period at the point information on the award of the framework was communicated to tenderers. This period allowed successful tenderers to seek further debriefing from First Ark Group before the framework and any resultant contract was entered into. Tenderers could have raised appeals directly with First Ark Group via the contact points detailed in section I.1 of the contract notice.

If an appeal regarding the award of the framework had not successfully been resolved between the tenderer and First Ark Group then the Public Contracts Regulations 2006 (SI 2006 No 5) provided for aggrieved parties who had been harmed or were at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

VI.3.3. Service from which information about the review procedure may be obtained

VI.4. Date of dispatch of this notice

5.6.2015
