the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

Regional or local agency/office

I.3. Main activity

Recreation, culture and religion

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Module based climbing wall.

II.1.2. Type of contract and place of performance or delivery

Works

Design and execution

Main site or place of performance: Stavanger, Norway.

NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

A climbing wall shall be procured, 26 m wide and 11 m high.

II.1.6. CPV code(s)

92000000 Recreational, cultural and sporting services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

There is an area available for a wall that is 26 m wide and 11 m high.

This allows for a 1 m safety distance to a cable tray over the wall and the necessary distance to the electro cupboard in the left corner of the wall (when seen from in front of the mezzanine). The depth of the climbing wall must be max. 1,68 m from the outer wall (1,30 m from the steel construction/post).

The largest electro cupboard behind the wall is built with an open door 1,48 m from the lowest point on the outer wall and outwards. Therefore there must be a light opening behind the climbing wall of minimum 1,50 m where the cupboards are located.

20 m of the climbing wall ought to be mainly suitable for children and for holding climbing courses (less steep), whilst the remaining 6 m of the climbing wall ought to have a multi-use function as an inner wall/DWS-wall (steeper).

Wall 4 — DWS wall = 6 m wide and 11 m high. This module shall also be usable outside and it must, therefore, be able to be loaded and unloaded as well as transported.

Wall 3 — 85 degrees = 7,75 m wide and 11 m high;

Wall 2 — 90 grader = 7,75 m wide and 11 m high;

Wall 1 — 95 degrees = 4,5 m wide and 11 m high.

Estimated value excluding VAT:

Range: between 1 100 000 and 1 800 000 NOK

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1.

Deposits and guarantees required

15 % of the total contract sum will be paid at the start of the construction for the project.

60 % of the total contract sum will be paid upon completion of the climbing wall.

15 % of the total contract sum will be paid 1 month after completion of the climbing wall.

10 % of the total contract sum will be paid 3 months after completion of the climbing wall.

The climbing wall is required to have the necessary authorisations and certifications and in accordance with Norwegian laws and regulations, so that the wall can be immediately used after its construction.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The tenderer must be a legally established company.

The contracting authority requires tenderers who wish to participate in the competition to demonstrate that they are registered in a trade index or other enterprise register as prescribed in the legislation in the country in which they are established. Documentation of this (e.g. a Business Registration Certificate from the Brønnøysund Register Centre) shall be enclosed with the tender. The enclosed documentation shall not be older than 6 months from the deadline for receipt of tenders.

III.2.2. Economic and financial ability

List and brief description of conditions: Tenderers must have the financial ability to carry out the contract.

Tenderers shall achieve a minimum rating of 'creditworthy'.

Tenderers are expected to have familiarised himself with registered information on the company and by submission of the tender accepts that the information will be obtained and form the basis of the assessment of the tenderer's financial situation.

If the tenderer knows that the requirement regarding the financial capacity to carry out the contract cannot be met via the credit rating as specified above, the tenderer can submit other documentation with the tender that confirms a satisfactory financial capacity.

III.2.3. Technical and professional ability

List and brief description of conditions:

Experience is required from contracts for equivalent public assignments. Documentation of excellent implementation ability is required.

To document this, a list of key deliveries or services provided during the past 3 years must be enclosed. This shall contain information concerning:

- Brief description of the assignment;
- Size or value of the deliveries;
- Time (contract period);
- Name of and a brief description of the customers;

— Telephone number, e-mail address and name of contact persons at the customers.
Relevant customers from the list may be contacted.
