The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.16. Further information, mediation and review

Review organisation: Søndre Østfold Tingrett

6. Results

Direct award

:

Justification for direct award: The contract can be provided only by a particular economic operator because of an absence of competition for technical reasons

Other justification: Before the planned contract is signed, the contracting authority has carried out a market survey to clarify whether there are alternative suppliers who can deliver a combined system that fulfils these requirements. Norconsult AS has stated that their system ISY ProAktiv, which can fulfil the need, will be discontinued from 01.01.2027 and that the company will not offer a new system in this market. The survey also shows that there are tenderers who can offer individual solutions in limited disciplines, but not a comprehensive and integrated system with a common register, as required by the Contracting Authority. The contracting authority intends to carry out the procurement without a competition and enter into a contract directly with a tenderer, as the procurement concerns services that only one specific tenderer can deliver and the competition is impossible for technical reasons, cf. the Public Procurement Regulations § 13-4 letter b no. 2. Other conditions in the same provision, the last sentence, are also fulfilled. The contracting authority can, based on this, implement the procurement without a competition. The contracting authority has assessed that the terms for exemptions from the competition are fulfilled, based on a completed market survey and documentation, as well as a concrete legal assessment.

6.1. Result lot identifier: LOT-0000

6.1.2. Information about winners

Winner:

Official name: Norkart AS

Tender:

Tender identifier: 2026/9112

Identifier of lot or group of lots: LOT-0000

Value of the tender: 4 900 000,00 NOK
