Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Fast Air Support Team (FAST), part of the UK Ministry of Defence, intends to award a contract to Leonardo MW Ltd who designed and built the Typhoon Counter Measures Development Rig (CMDR) under Phase 1 and 2. Phase 3 of the requirement is for Leonardo MW Ltd to provide a 5 year support solution for CMDR. Leonardo MW Ltd qualify the rig and certify the safety and conformance of the equipment and have licenced the rig for use by the RAF for the past 10 years.

It is considered that for technical reasons this requirement can be placed using the negotiated procedure without prior publication of a contract notice pursuant to Article 28(1)(e) of the Directive 2009/81/EC (Regulation 16(1)(a)(ii) of the UK Defence and Security Public Contracts Regulations 2011). This is because only Leonardo MW Ltd has the requisite knowledge of the CMDR system that is required to be interoperable with the current Typhoon Defensive Aids Sub-System (DASS). No other product currently provides this level of interoperability and therefore Leonardo MW Ltd is the only economic operator who can meet this requirement.
