2.1. Procedure

Title: Collection, treatment and transport of residual waste to the incineration plant.

Description: FREVAR KF would like to receive tenders for the collection, treatment and delivery of bulky waste/residue waste to FREVAR KF's incineration plant. The waste comes from three different suppliers, FREVAR KF's own recycling station and two external recycling stations that transport their residual waste to FREVAR KF. The waste from the two external recycling stations will be delivered to the tenderer and treated before delivery to FREVAR KF for energy recovery. The amount from these two suppliers is estimated to be a total of 4,000 tons. The amount of residual waste can vary and guarantees cannot be given for the extent.
