Medway Council and NHS Medway Clinical Commissioning Group (CCG) are seeking to recommission Community Children's Health Services.

This procurement is an innovative and progressive integration of a host of child health services across Medway jointly commissioned by Medway Council and NHS Medway CCG.

In Medway, we believe that community children's health services should focus on supporting children and families to achieve the outcomes that are most important to them.

We are aiming to build a modern and responsive system of children's community health services that retains families at the centre of interventions, that links well across health and social care disciplines as well as the wider children's workforce, and a service where practitioners are enabled and empowered to respond to individual needs.
