II.2. Description

II.2.2. Additional CPV code(s)

72319000 Data supply services

II.2.3. Place of performance

NUTS code: UK United Kingdom

Main site or place of performance: Central London.

II.2.4. Description of the procurement

Overview.

— MAS need provision of data on products that account for a significant share of the market; for payment accounts in order to power a comparison tool,

— each payment account product should have data on the fees and charges associated with each of the linked services,

— this data must be provided in a format that the MAS development team can build a tool from, and must be maintained and kept up to date and must be queryable no less than on a daily basis,

— where possible, further data about the accounts' features and requirements should be made available, to facilitate a good user journey.

Data Format:

— the data feed should be provided as a JSON feed (If the bidder has other options for delivery mechanisms and formats for this data, then they should respond outlining these options – especially if format has a cost implication),

— once live, MAS will need a test version of the data feed to support Quality Assurance testing in the event of any changes to the data feed.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 20
