II.1.4. Short description

This tender aims to provide a support service to citizen led initiatives that would integrate energy renovation of buildings and energy communities.

The tender should:

- provide technical assistance and coaching to support the development of models supporting renovation in conjunction with renewable deployment;
- provide evidence and indicators in order to raise awareness amongst existing Citizen Energy Communities (CEC) and Renewable Energy Communities (REC) about the value of energy renovations;
- monitor and support a strong transposition of provisions concerning CEC and REC, which should be an opportunity for Member States to strengthen the role of citizens in the energy transition;
- develop a platform for sharing experience and models.

The service will make use of pilot cases to strengthen community building and allow for scale up and replication of successful initiatives.
