The above public sector bodies have a need for a compliant procurement vehicle to access a range of facilities management products, services, solutions and support across the whole range of fields in education and the wider public sector. Such areas include catering, cleaning, security, grounds maintenance, mechanical and electrical engineering services, computing facilities management, health and safety to meet the diverse needs of education, central and local government and other public sector and associated organisations.

This framework will be a single lot sole supplier framework. The contract will be let on a 4-year term. The successful bidder will be expected to demonstrate they can control, manage and deliver against the full range of required areas within the ITT and to maintain and integrate such competing subcontractors as necessary to ensure choice and flexibility in each category, best value and seamless interoperability. At all times choice, service and cost is paramount.

Sustainability and continuity of supply is important, as too is the need to ensure innovation of products and service as well as the need to manage both small enterprises and large corporations. Full instructions and all documentation for this procurement that bidders need can be found at: <https://www.e2bn.org/Everything-FM>
