I.6. Main activity

Electricity

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Main Component Exchange Services for the Employers Onshore Windfarms

II.1.2. Main CPV code

51100000 Installation services of electrical and mechanical equipment

II.1.3. Type of contract

Services

II.1.4. Short description

Framework umbrella agreement signed with minimum one (1) contractor per lot. The contractor can be successful in securing one or more Lots (i.e. multiple lots). This will be a none-exclusive agreement. Purchase order agreement will be issued in accordance with the laws of the country where the entity ordering the services is established. The agreement shall be valid for the term of 3 years with option to prolong the agreement up to two times, each for a period of 1 year.

This tender concerns the provision of main component exchange services (installation, commissioning, tools, documentation, transport of the component, etc.) for applicable onshore wind farms, located in UK, NL, SE and DK. The Employer's portfolio consists of multiple WTG platforms. The applicable WTG platforms to this tender are the Siemens D3MKI (3.0MW Direct Drive), Nordex Delta (3.6MW N117, 3.9MW N131) and Vestas V90(1.8-2MW).

Further details about the tender will be issued in the invitation.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Framework umbrella agreement signed with minimum one (1) contractor per lot. The contractor can be successful in securing one or more lots (i.e. multiple lots).
