UCL intends to appoint three suppliers for this contract, and to initiate mini-tenders for packages of work that are available during this contract. Some packages will be UCL led (UCL issue the purchase order directly) and some for larger construction and refurbishment projects will be Estates led via a main contractor who will be instructed to use the suppliers listed under this framework.

The objectives of this tender are to provide a competitive framework to ensure transparent and cost-effective pricing whilst maintaining high quality standards, and to ensure that there is sufficient supplier capacity available for the forthcoming range of structured cabling projects that UCL will be pursuing.
