France – Engineering services – Electrical Engineering Works of HVDC Converter System 320 kV Operating in Multi Terminal Configuration

OJ S 61/2026 27/03/2026

Contract or concession notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: RTE Réseau de Transport d'Electricité

Email: mirosław.sobieszczyk@rte-france.com

Legal type of the buyer: Public undertaking

Activity of the contracting entity: Electricity-related activities

2. Procedure

2.1. Procedure

Title: Electrical Engineering Works of HVDC Converter System 320 kV Operating in Multi Terminal Configuration

Description: RTE intends to launch the call for the execution of the electrical benchmark oriented engineering studies "Engineering Works" for the HVDC Voltage Sourced Converter (VSC) Converter System in symmetrical monopole configuration operating at nominal DC voltage of 320 kV composed of 2 (two) onshore converter stations with capacity of 1.2 GW (each connected to 400 kV AC substation) and initially of 1 (one) and finally 2 (two) offshore substations each composed of offshore converter platform and offshore converter station with capacity of 1.2 GW including the AC switch gear connected to the grid of an offshore wind farm. To obtain the best overview of the market solutions available, RTE will award the execution of "Electrical Engineering Works" to maximum 3 (three) organizations responding the criteria set up in the Invitation to Tender Documentation. For that purpose, this Contract Notice is composed of 3 identical lots. The selection criteria of the organizations for award of the lots will be represented in the Invitation to Tender documentation

Procedure identifier: 3d374374-6e89-41e7-8abe-c2d8f36eda93

Internal identifier: 25019

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71300000 Engineering services

Additional classification (cpv): 73420000 Pre-feasibility study and technological demonstration

2.1.2. Place of performance

Anywhere in the European Economic Area

Additional information: Due to the complexity of the Engineering Works in concern, the Services shall be executed in the European Economic Area (EEA). These conditions are required to secure the confidentiality and high-level quality of the investigations and facilitate the interactions of RTE's personnel, in charge of the participation and management.

2.1.4. General information

Additional information: The contract notice is under French law. The time for this contract notice is the French time. The applicable law of the future contracts will be French law. Official communications shall be conducted via the message board of RTE e-procurement platform, namely <https://rte-france.bravosolution.com>. Applicants wishing to participate in the pre-qualification process must provide the Expression of Interest and the Pre-Qualification Questionnaire (PQQ) duly filled in via RTE e-procurement platform including but not limited to: (i) for single company — company name, main contact name and main contact address, (ii) for consortia — brief description of consortium structure, companies names, main contact name and main contact address. The binding letter with all participants signed by each company legal representative with power of attorney will be requested. The PQQ, which is available on the RTE e-procurement platform, is a questionnaire divided into general questions regarding the applicants and more specific questions regarding the applicants competences relevant to the scope of the Services and the experiences / references. RTE reserves its right to exclude consortium applicants that would modify their structure partway through the process without prior approval from RTE. Any change in the form and/or composition of the single company or consortium at any point of the procedure shall be prior approved in writing by RTE.

Legal basis:

Directive 2014/25/EU

2.1.5. Terms of procurement

Terms of submission:

Maximum number of lots for which one tenderer can submit tenders: 1

Terms of contract:

Maximum number of lots for which contracts can be awarded to one tenderer: 1

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Notice

Breaching of obligations set under purely national exclusion grounds: The candidate must provide a declaration on his honour, duly dated and signed, to prove that he does not fall into any cases of exclusion from the procedure for awarding contracts subject to public procurement, mentioned in articles L.21411 to L.21415 and L.21417 to L.214111 of the French Public Procurement Code (code de la commande publique). Such exclusions include, but are not limited to : 1.1) sentences handed down by a criminal court relating to corruption in the broadest sense, bribery, influence peddling, unlawful taking of interest, fraud, breach of trust, forgery, money laundering, participation in a criminal conspiracy, for acts of terrorism, for narcotics ; 1.2) failures to comply with social security or tax obligations, established either by a judge or by the authorities responsible for collecting taxes, social security contributions and levies, or by the labour inspectorates and similar bodies; 1.3) a state of compulsory liquidation, bankruptcy or receivership for which there is no authorisation to continue trading for the foreseeable duration of the performance of the public contract, or for which there is no receivership plan, recorded by the Commercial Court; 1.4) infringement of the rules on combating illegal employment, observed by the Labour Inspectorate and similar services or reported by the latter to the representatives of the State. 2) For companies with more than 20 employees: and that the company has complied with Articles L. 52121 to L. 521211 of the French Labour Code concerning the employment of disabled workers. 3) For applicants established OUTSIDE France: provide a declaration on honour of payment of the sums due in respect of fines for failure to declare seconded workers (R.21438 of the French Public Procurement Code and R.126312 of the French Labour Code). 4) not to be in one of the cases provided for in 1° of Article 5 duodecies of European Union Council Regulation No. 2022/576

5. Lot

5.1. Lot: LOT-0001

Title: Electrical Engineering Works of HVDC Converter System 320 kV Operating in Multi Terminal Configuration

Description: Electrical engineering studies for the HVDC Voltage Sourced Converter (VSC) Converter System in symmetrical monopole configuration operating at nominal DC voltage of 320 kV composed of 2 (two) onshore converter stations with capacity of 1.2 GW (each connected to 400 kV AC substation) and initially of 1 (one) and finally 2 (two) offshore substations each composed of offshore converter platform and offshore converter station with capacity of 1.2 GW including the AC switch gear connected to the grid of an offshore wind farm. The scope is the assessment of electrical performances expected for such configuration, including availability and reliability, maintainability, steady-state, dynamic and transient performances and operational performances

Internal identifier: 25019-1

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71300000 Engineering services

Options:

Description of the options: The scope of "Electrical Engineering Works" is firm and no options are contemplated

5.1.2. Place of performance

Anywhere in the European Economic Area

Additional information: Due to the complexity of the Engineering Works in concern, the Services shall be executed in the European Economic Area (EEA). These conditions are required to secure the confidentiality and high-level quality of the investigations and facilitate the interactions of RTE's personnel, in charge of the participation and management.

5.1.3. Estimated duration

Start date: 01/09/2026

Duration end date: 31/08/2027

5.1.4. Renewal

Maximum renewals: 0

5.1.6. General information

Reserved participation:

Participation is not reserved.

The names and professional qualifications of the staff assigned to perform the contract must be given: Tender requirement

The procurement is covered by the Government Procurement Agreement (GPA): yes

This procurement is also suitable for small and medium-sized enterprises (SMEs): no

5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: References on specified works

Description of selection criterion: The exhaustive list of selection criteria is provided in the Pre Qualification Questionnaire (PQQ) available on the RTE e-procurement platform <https://rte-france.bravolution.com>.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Other economic or financial requirements

Description of selection criterion: The exhaustive list of selection criteria is provided in the Pre Qualification Questionnaire (PQQ) available on the RTE e-procurement platform <https://rte-france.bravolution.com>.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 2

Maximum number of candidates to be invited for the second stage of the procedure: 3

The procedure will take place in successive stages. At each stage, some participants may be eliminated

5.1.10. Award criteria

Criterion:

Type: Price

Description: The price is not the only award criteria. The conditions of the contemplated compensation granted by RTE and other requirement especially as about the scope of "Engineering Works", expected deliverables to be produces as well as the criteria for the award will be communicated, upon successful qualification, in the Invitation to Tender documents.

5.1.11. Procurement documents

Access to certain procurement documents is restricted

Justification for restricting access to certain procurement documents: Protection of particularly sensitive information

Languages in which the procurement documents are officially available: English

Deadline for requesting additional information: 10/04/2026 12:00:00 (UTC+02:00) Eastern European Time, Central European Summer Time

Information about restricted documents is available at: <https://rte-france.bravosolution.com/>

5.1.12. Terms of procurement

Terms of the procedure:

Estimated date of dispatch of the invitations to submit tenders: 05/05/2026

Terms of submission:

Electronic submission: Allowed

Address for submission: <https://rte-france.bravosolution.com>

Description: The submission shall be executed on RTE e-procurement platform as above

Languages in which tenders or requests to participate may be submitted: English

Electronic catalogue: Not allowed

Variants: Not allowed

Tenderers may submit more than one tender: Not allowed

Deadline for receipt of requests to participate: 17/04/2026 14:00:00 (UTC+02:00) Eastern European Time, Central European Summer Time

Terms of contract:

The execution of the contract must be performed within the framework of sheltered employment programmes: No

Conditions relating to the performance of the contract: The detailed terms and conditions of expected performance will be specified in the Invitation to Tender documentation

A non-disclosure agreement is required: yes

Additional information about the non-disclosure agreement: Confidentiality agreement is required and available under request on the RTE e-procurement platform (<https://rte-france.bravosolution.com>)

This procedure falls under the Foreign Subsidy Regulation (FSR)

Electronic ordering will be used: no

Electronic payment will be used: yes

Legal form that must be taken by a group of tenderers that is awarded a contract: The Candidates may apply as a single Company or Consortium. A Candidate who will submit an offer as a member of a Consortium, may not submit an offer as a single Company or with another Consortium. A Candidate who will submit an offer as a single Company, may not submit an offer as a member of a Consortium. Any Candidate that applies as a Consortium shall, as requested by Article R. 2142-24 of French Code de la Commande Publique, indicate its representative who will represent it with regards to RTE and coordinate its members roles. Additional conditions may be added to the invitation to tender documentation. In the case of an application by a Consortium all the documents requested must be supplied by each of its members

Financial arrangement: The financial arrangements will be communicated in the Invitation to tender documentation

5.1.15. Techniques

Framework agreement:

No framework agreement

Information about the dynamic purchasing system:

No dynamic purchase system

5.1.16. Further information, mediation and review

Review organisation: Tribunal Judiciaire de Nanterre

Information about review deadlines: A claim in a pre-contractual summary proceeding is possible as stated in articles 5 et seq. of Order NO.2009-515 of 7 May of 2009 related to complaint proceedings applicable to public procurement contracts. The appeal must be lodged before the conclusion of the contract. A claim in a contractual summary proceeding is possible as stated in articles 11 et seq. of Order NO.2009-515 of 7 May of 2009 related to complaint proceedings applicable to public procurement contracts. The appeal must be lodged at the latest on the thirty first (31st) day following the publication of the contract award notice in the Official Journal of the European Union or, for the contracts based on a framework agreement or on a dynamic purchasing system, following the notification of the contract signature. In the absence of publication of the award notice or in the absence of notification of the contract signature, an application to the competent court may be made until the expiry of a six (6) months period starting at the day after the contract award as stated in article 1441-3 of the Civil Procedure Code

Organisation providing additional information about the procurement procedure: RTE Réseau de Transport d'Electricité

5.1. Lot: LOT-0002

Title: Electrical Engineering Works of HVDC Converter System 320 kV Operating in Multi Terminal Configuration
