### **Short description of the contract or purchase(s)**

The assignment includes operation and maintenance assignments with functional responsibility for some of the assignments. The assignments shall be carried out on county foot /cycle paths with accompanying side facilities, side areas, equipment and installations in Sirdal and parts of Hægebostad, Kvinesdal and Flekkefjord municipalities. See the road lists given in the annex in chapter D2-V and D2-S20.

The traffic on the road network varies from approx. Average annual daily traffic 60 to approx. Average annual daily traffic 1 350 and an annual traffic growth of 1.5 % is expected.

The assignment mainly consists of routine operational assignments and minor maintenance assignments on the road network. The assignment also consists of inspecting and registering, planning the activity, stand-by for winter operations and general traffic flow, documentation, reporting to the builder, information to the public and handling other assignments that are necessary for the operation and maintenance of the road network.

The work will be settled by round sum for round sum processes, in accordance with amounts and unit prices for other processes such as day work in accordance with the hourly rates for crew and machines.
