I.2. Main activity

Electricity

I.3. Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting entity

Technical Framework Consultant (Offshore Cable Installation) for Moyle Return Cable Replacement

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

NUTS code UKN0 Northern Ireland, UKM3 South Western Scotland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT

Range: between 2 000 000 and 3 000 000 GBP

II.1.5. Short description of the contract or purchase(s)

Moyle Interconnector Ltd is procuring an EPC contract (OJEU Contract Notice [2013/S 220-383923](#)) to supply and install two medium voltage cables between its existing HVDC convertor stations located at Auchencrosh, Scotland and Ballycronan, Island Magee, Northern Ireland.

This will involve the design, manufacture, testing, supply, installation, jointing and commissioning of approximately:

—18 km of Land cable – 2 x 3km on the Northern Ireland side, and 2 x 6km on the Scottish side.

106 km Submarine cable – 2 x circuit crossing lengths of approximately 53km with water depths of up to 150m.

Moyle appointed Technical Advisors in 2013 (OJEU Contract Notice 2013-073055-F06-EN) to provide technical support up to the point of recommendation of award of the EPC contract.

Under the current process, award of the EPC contract is expected to be in Q3 2014. Full delivery of the EPC contract is expected to be before the end of 2017.

Moyle now seek to appoint a series of consultancy framework contracts which it would intend to be in place for the duration of the EPC contract and which will enable Moyle to access experienced and competent resources to build a Client project management team which will manage and deliver the EPC contract to meet Moyle's objectives to ensure compliance, product integrity, timely delivery and efficiency. The project management team will report to

and be led by a highly experienced EPC Project Manager.

The Technical Framework Consultant (Offshore Cable Installation) services shall include:

— Provision of experienced and competent personnel to manage and supervise the main EPC contractor executing all aspects of the offshore and inshore site preparation, cable transit, lay and burial (up to and including the transition joint bays at Portmuck, Northern Ireland, and Curraie Port, Scotland) including but not limited to

— Ensuring all works are executed in compliance with Health & Safety, Environmental and Moyle's requirements (eg burial).

— Undertaking design reviews including: route confirmation survey, cable design, cable route engineering, landfalls, installation schedule, weather impacts, vessel operability, installation equipment, cable lay and protection methods, cable storage facilities, burial and installation methodologies, cable testing, HSE Plans risk assessments, risk identification HAZOPs and HAZIDS, etc.

— Review / assessment of vessel and equipment, including tests.

— Advising on seabed surveys (including geophysical and geotechnical) and survey management, including, when deemed necessary, supervision (client representation) on board the vessels during the surveys.

— Specialist support including metocean, geoscience, marine environment and GIS experts.

— Supporting the main EPC Contractor responsible for planning the Offshore Works to minimise impact on marine stakeholders (fisheries, Crown Estate, asset owners being crossed etc) and ensure that the conditions of all agreements and consents (Seabed Lease, ASSI Assent, Crossing Agreements etc) will be honoured

— Monitoring Offshore Works to ensure that all consenting conditions within the Marine Licences issued by the DoENI and Marine Scotland are adhered to at all times throughout the works including liaison with consenting authorities representatives

— Stakeholder negotiation support for remedial works, including consenting authorities and third party crossing stakeholders.

— Ensuring that all controls which are deemed necessary to protect the existing cables are in place and adhered to at all times.

— Witnessing cable load-out operations

— Regular auditing and inspection training records to ensure all personnel are competent and authorised to the necessary levels.

— Inspecting Contractors working facilities and vessels and ensuring all necessary certification and

— documentation is in place and being adhered to.

— Review as-built documentation from the main EPC contractor to ensure compliance with project and contract requirements.

— Liaising with the Insurers appointed Marine Warranty Surveyor.

— Assessing and reporting progress against programme.

— Agreeing any compensation events with the main EPC contractor

— Reporting to the Moyle Project Manager

— Provision of support to the individual(s) working in the project management team which will comprise Moyle employees, secondees and individuals or groups of individuals appointed through other framework contracts (Onshore, Cable, H&S & CDM, Project Management)

— Planning and establishment of procedures and processes to support the services being provided.

— Organising resources required to deliver the scope of Service to be provided by the Framework Consultant (Offshore). The number and type of resource required will vary significantly through the various stages of the Works.

— Co-operation and liaison with the other organizations and members of the integrated project

management team

- Provision of replacement support when necessary for either absence or peaks in workload
- Preparation of detailed Weekly Reports to be submitted to the Project Manager, including issues relating to Health, Safety & Welfare.
- Preparation and submission of non-compliance notices to the Project Manager.
- Summary Monthly Progress Reports.
- Meetings Attendance.

II.1.6. CPV code(s)

09310000 Electricity, 71310000 Consultative engineering and construction services, 71520000 Construction supervision services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Information about lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

Moyle Interconnector Ltd is procuring an EPC contract (OJEU Contract Notice [2013/S 220-383923](#)) to supply and install two medium voltage cables between its existing HVDC convertor stations located at Auchencrosh, Scotland and Ballycronan, Island Magee, Northern Ireland.

Estimated value excluding VAT

Range: between 2 000 000 and 3 000 000 GBP

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Duration in months: 48 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

None

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Refer to PQQ / Tender Documentation

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Refer to PQQ / Tender Documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Refer to PQQ Documentation.

III.2.2. Economic and financial ability

List and brief description of conditions: Refer to PQQ Documentation.

III.2.3. Technical and professional ability

List and brief description of conditions: Refer to PQQ Documentation.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Restricted

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting entity

47065243

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents

(except for a DPS)

Time limit for receipt of requests for documents or for accessing documents: 16.7.2014

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

23.7.2014 - 16:00

IV.3.5. Languages in which tenders or requests to participate may be submitted

English.

IV.3.6. Minimum time frame during which the tenderer must maintain the tender

IV.3.7. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

Refer to PQQ / Tender documentation.

VI.4. Procedures for review

VI.4.1. Review body

Official name: Refer to PQQ / Tender documentation.

Body responsible for mediation procedures

Official name: Refer to PQQ / Tender documentation.

VI.4.2. Review procedure

Precise information on deadline(s) for review procedures: Refer to PQQ / Tender documentation.

VI.4.3. Service from which information about the review procedure may be obtained

Official name: Refer to PQQ / Tender documentation.

VI.5. Date of dispatch of this notice

23.6.2014
