General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Contract for construction of a foot and cycle bridge Klosterøya-Jernbanebrygga

Reference number: 21/03043

II.1.2. Main CPV code

45221113 Footbridge construction work

II.1.3. Type of contract

Works

II.1.4. Short description

Skien Municipality will construct a foot and cycle bridge over Bryggevanet between Klosterøya and Jernbanebrygga. The project is a part of the Grenland Urban Package. The foot and cycle bridge will be constructed with reinforced concrete with a leaf of the bridge over the sailing section constructed of a composite material. The bridge will be approx. 170 metres long and will have a width of 5 metres, with multiple protruding niches for the placement of benches.

The purpose of this invitation to tender is to enter into a contract with a contractor to execute the construction of the foot and cycle bridge. The contracting authority estimates the contract period to be 1 year 4 months from the start of construction to completion.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

44113100 Paving materials, 45000000 Construction work, 45221000 Construction work for bridges and tunnels, shafts and subways, 45221100 Construction work for bridges, 45221110 Bridge construction work, 45230000 Construction work for pipelines, communication and power lines, for highways, roads, airfields and railways; flatwork, 45233000 Construction, foundation and surface works for highways, roads, 45233100 Construction work for highways, roads, 45233160 Paths and other metalled surfaces, 45233161 Footpath construction work, 45233162 Cycle path construction work, 45233300 Foundation work for highways, roads, streets and footpaths, 45233340 Foundation work for footpaths, 45340000 Fencing, railing and safety equipment installation work, 45341000 Erection of railings, 63712300 Bridge and tunnel operation services, 63712310 Bridge operating services

II.2.3. Place of performance

NUTS code: NO091 Vestfold og Telemark

Main site or place of performance: Skien Municipality.

II.2.4. Description of the procurement

Skien Municipality will construct a foot and cycle bridge over Bryggevanet between Klosterøya and Jernbanebrygga. The project is a part of the Grenland Urban Package. The foot and cycle bridge will be constructed with reinforced concrete with a leaf of the bridge over the sailing section constructed of a composite material. The bridge will be approx. 170 metres long and will have a width of 5 metres, with multiple protruding niches for the placement of benches.

The purpose of this invitation to tender is to enter into a contract with a contractor to execute the construction of the foot and cycle bridge. The contracting authority estimates the contract period to be 1 year 4 months from the start of construction to completion.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 16

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

- Norwegian tenderers: Company registration certificate
- Foreign tenderers: Proof that the tenderer is registered in a trade or business register as prescribed by the law of the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Sufficient economic and financial capacity.

Minimum level(s) of standards possibly required:

Tenderers must have good economic and financial capacity related to the size and risk of the contract in question.

Payment experience must be satisfactory.

- A credit assessment from a certified credit rating agency based on the most recent known accounting figures. The key figures in the accounts must be presented together with an assessment of the tenderer's payment history.

- Statement on the company's turnover in the last three accounting years.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Experience from similar deliveries

Quality assurance

Environment management system.

Minimum level(s) of standards possibly required:

6.7.1 Experience from similar assignments is required - reference projects

Tenderers are required to have relevant experience from similar contracts of equivalent complexity.

Relevant experience means the tenderer's experience as a main contractor (NS 8405/06) based on the contracting authority's requirement specifications and technical description.

Similar deliveries means assignments that comprise the construction of equivalent projects of equivalent or larger complexity.

6.7.2 Competence of key personnel

Tenderers are required to have sufficient competence and professional qualifications (key personnel) to fulfil the execution contract.

Key personnel means:

- Project Manager
- Construction Manager
- Field manager (boss/foreman) for central execution disciplines
- SHA manager
- Environmental manager

Documentation requirement:

6.7.1 Experience

A qualitative description must be submitted for up to 3 reference projects. The reference projects must be of transferable value with information on i.a.:

- The project name
- Contracting authority
- The contracting authority's point of contact
- The project's nature, scope, value and complexity in relation to execution, logistics, and progress
- Date of execution
- Type of contract
- Contract value of the assignment
- The tenderer's assignments/role in the project.

References from unfinished projects can also be used as long as the project has started and is well underway. References that are older than 5 years cannot be used.

Annex 5 can be used.

The contracting authority reserves the right to contact the references for confirmation of the stated information.

6.7.2 Competence of key personnel

Tenderers must deliver the following:

- The tenderer's organisational plan/overview of key personnel that will be responsible for the delivery.
- Overview of the relevant professional qualifications and experience of the key personnel.

6.7.3 Quality management system

Tenderers must have good routines for quality management

The documentation must be provided in one of the following ways:

Alt 1: A description of the company's procedures for quality management, with emphasis on quality assurance, resource management, management responsibility, and continual analysis and improvement.

Alternative 2: If a tenderer holds ISO 9001:2000 certification or equivalent, this can be attached.

6.7.4 Environmental management system

Tenderers must have a well-functioning environmental management system suited to the content of the contract.

The documentation must be provided in one of the following ways:

Alternative 1: A description of the company's environmental goals and environmental policy, competence strategy for the environmental field, as well as a description of existing routines on how the assignment will be executed in an environmentally responsible manner.

Alternative 2. If the company has an environment management system verified by a third-party, such as ISO 14001, EMAS, the Eco-Lighthouse scheme, or equivalent, it is sufficient to attach a valid certificate thereof.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

- The contract will contain requirements concerning wages and working conditions, documentation and sanctions in accordance with the regulations dated the 8th of February 2008 no. 112 regarding wages and work conditions in public contracts.
- The contract includes Skien municipality's provisions for fight against work-related crime, also called seriousness provisions. The tenderer is encouraged to familiarize himself with Appendix 9 and must verify in the application (cf. Section I, Appendix 1) that the requirements stated in the appendix is fulfilled.
- The contract with the contractor contains provisions regarding plastic-free municipalities, cf. Section II, Appendix 10 Plastic-free municipality.
- The selected tenderer shall present a tax certificate for VAT and a tax certificate for tax if requested. This only applies if the chosen tenderer is Norwegian. The tax certificate must not be older than six months old at the deadline for submitting a request for participation in the competition or tender. In the case of building and construction contracts, sub-contractors shall also deliver a tax certificate.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 12/05/2023 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 12/10/2023

IV.2.7. Conditions for opening of tenders

Date: 12/05/2023 Local time: 12:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

The contracting authority will honour tenderers who are qualified in accordance with the qualification requirements in chapter 6 of the tender documentation and who submit a complete system proposal. A complete system proposal includes a satisfactory response to the award criteria in the tender documentation. See the tender documentation section 8.

The contracting authority will remunerate tenderers who are not awarded a contract with an equal fixed fee. The upper limit is set at a maximum of NOK 300,000 excluding VAT for the total remuneration of tenderers, and a maximum amount of NOK 100,000 excluding VAT per tenderer who is not awarded a contract. If more than 3 tenderers qualify for remuneration, the NOK 300,000 will be equally spilt among the tenderers. If there are 3 or fewer tenderers who qualify for remuneration, each tenderer will receive NOK 100,000 excluding VAT, up to NOK 300,000 m in total.

The winning tenderer/contractor will not be remunerated provided that a contract is drafted. Tenderers or offers that have to be rejected will not receive remuneration.

Any payment of remuneration will be made after the contract has been signed. In the event of cancellation, payment will be made after the cancellation decision has been made and communicated to the relevant tenderers. In case of cancellation of the contest, the winning tenderer/contracted contractor will also be remunerated.

VI.4. Procedures for review

VI.4.1. Review body

Official name: Telemark tingrett

Town: Skien

Country: Norway

VI.5. Date of dispatch of this notice

06/04/2023
