5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Tenderers shall be registered in a company register, professional register or a commerce register in the country where the tenderer is established.

Criterion: Financial ratio

Description of selection criterion: Tenderers must have sufficient economic and financial capacity to fulfil the contract. The credit rating shall show that the tenderer is financially solid and able to fulfil the contractual obligations.

Criterion: Environmental management measures

Description of selection criterion: Tenderers shall have an established environmental management system or equivalent routines for reducing the impact on the environment in the company.

Criterion: Measures for ensuring quality

Description of selection criterion: Tenderers shall have a quality system relevant for the execution of the delivery.

Criterion: Measures for ensuring quality

Description of selection criterion: For goods or services that are complicated, or that in exceptional cases shall be used for a particular purpose: Will the tenderer allow checks of the tenderer's production capacity or technical capacity and, where necessary, of the survey and research facilities that the tenderer has at its disposal and of quality control measures? The inspections shall be undertaken by the contracting authority or the contracting authority can leave it to a competent public body in the country where the tenderer is established.

Criterion: Average yearly manpower

Description of selection criterion: Tenderers shall have sufficient Organisational capacity and relevant available resources to carry out the contract during the entire contract period.

Criterion: References on specified services

Description of selection criterion: Tenderers shall have experience from comparable contracts in the last three years. Comparable assignments means deliveries that include operation and further development of web based publication systems, including technical management, integrations or equivalent complexity.

Criterion: Certificates by quality control institutes

Description of selection criterion: Can tenderers submit the requested certificates issued by official bodies for quality control, and who can confirm that the goods, which are clearly identified by reference to technical specifications or standards, as determined in the notice or in the procurement documents, are in accordance with these?

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: Can tenderers submit certificates issued by independent bodies that document that the tenderer fulfils the stated quality assurance standards, including universal design requirements?

Criterion: Certificates by independent bodies about environmental management systems or standards

Description of selection criterion: Is the tenderer able to submit certificates issued by independent bodies as documentation that the tenderer fulfils the stated environmental management systems or standards?
